## WELCOME MESSAGE

On behalf of the congress board, it would be our great pleasure to invite you to the International Cosmetology Congress (ICC) organized by Venus Society for Women's Health that will be held in Dusit Thani Hotel - Cairo, Egypt on the 26<sup>th</sup> -30<sup>th</sup> September 2017.

After the success of last year's congress, we extended the scope of the aesthetic medicine & surgery to create a more global perspective. The objective of ICC 2017 is to encourage the concept of transferring skills between worldwide leading experts and young generations of plastic surgeons and aesthetic dermatologists.

Through prominent contributions with international scientific partners, a multi-disciplinary forum will be established where National and International experts will conduct a critical review, share their knowledge, and give comprehensive experience in aesthetics. The Scientific Program will be developed carefully by the Scientific Committee along with the Congress Board to establish a very strong scientific lectures, interactive sessions, hands-on and hands-off workshops.

Looking forwards to welcome you all in ICC 2017.

Sincerely,

Mohamed Abozeid, MD, MRCS England
