Chahnez Triki (Tunisia)

Nile Ritz Carlton Hotel
Cairo - Egypt

27th February - 3rd March 2018

Welcome Message

Dear Friends and Colleagues,

It is the great pleasure to invite you to attend Cairo Winter School on EEG and Epilepsy, jointly organized by the commission on East Mediterranean Affairs (CEMA) and International League Against Epilepsy (ILAE).

The educational program has been designed to cover up the basic EEG and epilepsy fundamentals. The program consists of presentations by keynote speakers and case presentations by tutors and participants. The main objective is to allow the participating neurologists ample time for discussion and interaction with the speakers.

This winter school is a great opportunity for our region to disseminate information about epilepsy and to build up a generation of epileptologists who will improve the care of people with epilepsy.

Course Directors

Prof. Hassan Hosny MD

27th
February

08:00 - 18:00

Tuesday

EEG

08:00 - 09:00	Introduction	
09:00 - 10:00	Essentials of EEG: Polarity, Montages Radwa Badawy	{Egypt}
10:00 - 11:30	EEG: Normal/Normal Variants (paediatric, adult) Mye Basheer	{Egypt}
11:30 - 12:00	Coffee Break Sponsored By	 
12:00 - 12:30	EEG Misadventures (Artifacts) Heba Hamed	{Egypt}
12:30 - 13:00	Interictal epileptic discharges and seizures of temporal lobe onset Amal Fouad	{Egypt}
13:00 - 14:00	Adult EEG: Epileptiform Activity Radwa Badawy	{Egypt}
14:00 - 14:30	Abnormal Non Epileptiform activity Mye Basheer	{Egypt}

14:30 - 15:30 Lunch 

15:30 - 18:00 Working Groups
M. Besheer, R. Badawy, A. Abdel Kader, H. Hamed

N.P: Participants will be divided into 2 Groups (Each Working Session last for 1.15 hour)

G1: I.I Epileptiform discharge & Artifacts

G2: Ictal Rhythm

28th
February

09:00 - 17:30

Wednesday

EEG

09:00 - 09:30	Long-term Video EEG Monitoring Ahmed Hussein	{USA}
09:30 - 10:00	Overview of the cortical anatomy Tarek Yousry	{UK}
10:00 - 10:30	MRI protocol and radiological assessment of cortical dysplasia Nuria Baragallo	{Spain}
10:30 - 11:00	Prolonged EEG Recordings: Ambulatory & ICU setting Ahmed Hussein	{USA}

11:00 - 11:30

Coffee Break Sponsored By

11:30 - 12:00	Functional MRI in Epilepsy Nuria Baragallo	{Spain}
12:00 - 13:00	Functional anatomy of the limbic lobe Tarek Yousry	{UK}
13:00 - 14:00	MRI Case presentation	

14:00 - 15:00

Lunch

15:00 - 17:30	Working Groups N. Kishek, R. Badawy, A. Hussein, T. Yousry, N. Bargallo	
---------------	--	--

N.P: Participants will be divided into 2 Groups (Each Working Session last for 1:15 hours)

G1: Epileptic versus no epileptic.

G2: How to perform & read MRI with epilepsy protocol.

1st
March

09:00 - 17:00

Thursday

PEDIATRIC
EPILEPTOLOGY

09:00 - 10:00	Concept of Epileptic encephalopathies & Genetic basis of early onset epileptic encephalopathies Rima Nabbout {France}
10:00 - 10:30	Novel therapies for epileptic encephalopathies Chahnez Triki {Tunisia}
10:30 - 11:00	Immune-mediated refractory epilepsies: concepts and mechanisms & How to manage in children Rima Nabbout {France}

11:00 - 11:30

Coffee Break

11:30 - 12:00	Epilepsy and Tuberous Sclerosis Hatem Samir {Egypt}
12:00 - 12:30	The importance of the international epilepsy day Chahnez Triki {Tunisia}

12:30 - 12:50 GSK Symposium

12:50 - 13:10 Novartis Symposium

13:10 - 14:10

Lunch

14:10 - 17:00 Group work and tutorials, see separate schedule
I. Shoukry, R. Nabbout, C. Triki, N. Kishk

N.P: Participants will be divided into 2 Groups (Each Working Session last for 1:30 hours)

G1: Pediatric epilepsy semiology

G2: Pediatric, Epileptic versus Non epileptic paroxysm

2nd
March

09:00 - 16:40

Friday

MORNING: AED
PHARMACOLOGY

09:00 - 09:30	The new classification of epilepsy Emilio Perucca	{Italy}
09:30 - 10:00	Ketogenic diet and other alternative treatment Rima Nabbout	{France}
10:00 - 10:30	Appropriate use of old and new AEDs & Their Clinically-Relevant Drug Interactions Emilio Perucca	{Italy}
10:30 - 11:00	Challenges in management of Idiopathic generalized Epilepsy Hassan Hosny	{Egypt}
11:00 - 11:30	Progressive myoclonic epilepsy Pierre Genton	{France}
11:30 - 12:00	Management of status epilepticus Heba Hamed	{Egypt}
12:00 - 14:00	Friday Prayer & Lunch	
14:00 - 14:20	Roche Symposium	
14:20 - 14:40	TBA Symposium	
14:40 - 16:40	Group work and tutorials, see separate schedule	

N.P: Participants will be divided into 2 Groups (Each Working Session last for 1:15 hours)

G1: Mono versus poly therapy (Case Scenario Emilio perucca , Hassan Hosny)

G2: Real life application of ketogenic diet in epilepsy (Ain Shams Group, Rima Nabbout)
