

Kasr Alainy Vascular Symposium (KVS)

Organized by : Kasr Alainy Vascular Division

12th April, 2018

Venue: Learning Resource Center, Kasr Alainy Hospital, Cairo University

President

Prof. Khaled El-Hindawi

Welcome Message

It's a pleasure and honour to welcome you in the first Kasr Alainy Vascular Symposium, at your second home "Kasr Alainy". For many years many Kasr Alainy staff members have been organizing, participating and attending various vascular meetings in Egypt. But for the first time Kasr Alainy is arranging its own meeting within the premises of the oldest university hospital in the Middle East and Africa. We hope, that you enjoy our condensed one-day symposium and the two related workshops. The meeting features presentations from many centers inside and outside Egypt.

Warm greetings from all staff of Cairo University, and we wish you a fruitful day.

Chief of Vascular Surgery Department

Prof. Hussein Khairy

Symposium President

Prof. Khaled Elhindawy

The First KVS is Held in the Memory of the late Professors
Kamal Eldin Hussein
Ahmed Sameh Hammam

Honorary presidents :

Amir Nassef
Mohamed Elbatanoni
Abdelkader Kotb
Mohamed Abdo Ay Eldin
Hussein Kamal
Ashraf Hedayet
Amr Gad
Mohamed Sharkawy
Hasan Soliman

Symposium president:

Khaled Elhindawy

Symposium secretary:

Ahmed Sayed

Organizing committee:

Ahmed Elmahroki
Amr Abdelrehim
Fouad Saad
Marawan Yosri

Kasr Alainy Vascular Symposium (KVS)

12th April, 2018

Egyptian Vascular Academy

The Kasr Alainy Vascular Symposium would like to thank the Egyptian Vascular Academy for its continuous and unlimited support to all scientific activities in Kasr Alainy, and in particular its sponsorship to the Kasr Alainy Vascular Symposium.

Session I

09:30am -10:45am

Aorta

Moderator:

Emad Hussien

Chairpersons:

Mohamed Sharkawy
Essam Elkady
Ali Sabbour
Ehab Saad
Mahmoud Sobhi

09:30-09:40	FEVAR vs Chimneys in juxtarenal AAA: Competing or complementary options Hussein Kamal (Cairo University)
09:40-09:50	Aortic surgery in connective tissue disorders: Surgical strategies and technical challenges Morad Sallam (St.Thomas,UK)
09:50-10:00	Endovascular management of rAAA in Egypt Mohamed Hosni (Cairo University)
10:00-10:10	EVAR: cost effectiveness, the shape of future recommendations and when not to do! Ahmed Nasef (Sheffield Teaching Hospitals,UK)
10:10-10:20	Thoraco-abdominal mycotic Aortic Aneurysm: what to do? Challenging case for open discussion Wael Shaalan (Alexandria University)
10:20-10:30	Aortic graft thrombus: should we intervene? Ahmed Nasef (Sheffield Teaching Hospitals,UK)
10:30-10:45	Discussion

**12 April
2018**

Session II

10:45am-12:00pm

Venous diseases and AV access

Moderator:

Hasan Soliman

Chairpersons:

Ayman Salem
Mostafa Elsanadiky
Raafat Naga
Adel Kamhawy

10:45-10:55	CDT for Acute Iliofemoral DVT - Predictors of outcome Emad Hussein (Ain Shams University)
10:55-11:05	1st Egyptian consensus for the management of venous diseases. Ayman Fakhry (Armed Forces Hospital, Alexandria)
11:05-11:15	Vascular malformations : Laser vs drugs? Mahmod Saber (Laser Institute, Cairo University)
11:15-11:25	Venous aneurysm: Hidden enemy Amr Abdelrehim (Cairo University)
11:25-11:30	Salvage of AV access: When to give up? Ahmed Altaweel (NIDE)
11:30-11:45	Debate: Non tumescence techniques are beating tumescence techniques for ablation of GSV With Motion: Ahmed Elmarakbi (Erfan Hospital, KSA) Against Motion: Morad Sallam (St.Thomas,UK)
11:45-12:00	Discussion

12 April
2018

12:00- 12:15

Opening ceremony

12:15pm-12:30pm

Coffee Break

12 April
2018

Session III

12:30pm-01:45pm

Carotid diseases

Moderator:

Mostafa Seliman

Chairpersons:

Ashraf Hedayet
Said Elmallah
Hisham Sharaf
Nasser Elsaid

- 12:30-12:40 CTA Structural Analysis of symptomatic and asymptomatic carotid stenosis.
Hisham Bassiouny (Henry Ford Hospital, USA)
- 12:40-12:50 Carotid intervention: the myth of timing and the deceit of symptoms
Tommaso Donati (St.Thomas,UK)
- 12:50-01:00 Reflections on the European carotid guidelines and the case for asymptomatic carotid interventions.
Ahmed Nasef (Sheffield Teaching Hospitals,UK)
- 01:00-01:10 Transcarotid artery revascularization: the future?
Hisham Bassiouny (Henry Ford Hospital, USA)
- 01:10-01:20 Aberrant Rt SCA: What are the options of treatment in such rare anomaly
Wael Shaalan (Alexandria University)
- 01:20-01:25 Devastating sequelae of a paradoxically innocent oropharyngeal injury in a 5yr old girl
Hosam Elmahdy (Cairo University)
- 01:25-01:30 Carotid jugular fistula: The winning card should be played
Ahmed Gamil (Cairo University)
- 01:30-01:45 Discussion

12 April 2018 Lunch Symposium 01:45pm-02:30pm

Chairpersons:

Ahmed Saad Eldin

01:30-02:30 Practical Considerations while using Apixaban: Vascular Surgeon's point of view
Ahmed Elmahroki (Cairo University)

Symposium Lunch

12 April 2018 Session IV 02:30pm-03:45pm

PAD

Moderator:

Sherif Balbaa

Chairpersons:

Ahmed Taha
 Alaa Abdelhalim
 Mosaad Seliman
 Amr Hamdy

- 02:30-02:40 Training in the Vascular Department: The way we do it.
Hussein Khairy (Cairo University)
- 02:40-02:50 Role of stents in CLI patients: Pros & cons
Amr Gad (Cairo University)
- 02:50-03:00 Ultrasound guided access is a must! **Rashad Bishara** (GOTHI)
 Presented by **Wassila Taha** (GOTHI)
- 03:00-03:10 Planter artery angioplasty.. How I do it
Omar Elkashef (Cairo University)
- 03:10-03:20 When "Pain control" becomes our main goal
Hisham Mostafa (Cairo University)
- 03:20-03:30 Transradial approach for peripheral vascular disease: why, how and when?
Tommaso Donati (St.Thomas,UK)
- 03:30-03:35 Trans-collateral approach in tibial disease: Is it worthwhile?
Basem Selim (NIDE)
- 03:35-03:45 Discussion

12 April
2018

Session V

03:45pm-05:00pm

Panel discussion

- Carotid Panel discussion:

Panelists:

Tommaso Donati
Tarek Abdelazim
Hussein Khairy
Ahmed Nasef
Khaled Elhindawy

- o Does the change in stent design change the current indications for CAS
- o Asymptomatic carotid stenosis: Definition, and what to do?
- o Bilateral carotid lesions: treat the symptomatic first ? or the tight lesion first?
- o Hyperperfusion syndrome: reality or illusion

- Aortic panel discussion

Panelists:

Hussein Kamal
Hisham Bassiouny
Morad Sallam
Magdi Haggag
Ahmed Nassef

- o Aortic remodelling after dissection
- o Bilateral internal iliac coverage/ revascularization
