Conference Developing of National Trauma System

11<sup>th</sup> - 12<sup>th</sup> October 2018 Tolip Golden Dome Hotel, Cairo - Egypt

> Honorary President Her Excellency

Dr. Hala Zayed
Minister of Health and Population

**Vice Honorary President** 

Maj. Gen. Dr. Magdy Amin Director of Armed Forces Medical Services

**President of the Conference** 

Maj. Gen. Dr. Bahaa Eldeen Zidan Head of Al. Galaa Military Medical Complex (GMMC)

**Conference Vice President** 

Dr. Adel Abdel Aziz

Emergency Medicine Consultant, Southampton - UK

#### Welcome to the 5<sup>th</sup> Egyptian International Trauma Conference – EITC 2018

Dear colleagues it gives me a great pleasure to welcome you to the 5th Egyptian International Trauma conference 2018, to be held in Cairo from the 11th October to the 12th. The conference is co-hosted by Al Galaa Military Medical Complex in collaboration with the Egyptian Trauma Society (EgTS). EgTS has been actively involved in promoting advancing the knowledge in the field of Trauma and Acute Care since its launch in October 2015.

Holistic trauma care, from "resuscitation to rehabilitation" is inclusive and is a team approach of the pivotal role played by the pre-hospital personnel, nursing, medical and rehabilitation colleagues, therefore this conference aims at bringing all specialists in the field of trauma care and allied specialties together. The main objective of this conference is to exchange ideas, experiences and lessons learned about the role of internationally accepted systems and protocols in the field of trauma care, mass causality incidents, and disasters.

The conference will bring together delegates and distinguished eminent speakers from across the world. Such a big event would be incomplete without the active participation of various national and international societies/ Associations/ Groups/ NGO's working for the care of the injured. We solicit active participation of all such societies and collaboration by bringing in their members as delegates and faculty to this international event. We are looking forward to your enthusiastic participation.

This meeting will enlighten us regarding implementing a national trauma system in developing world and highlight on issues pertaining to injury Prevention Programme, trauma registry, major trauma in children, the evolution of trauma resuscitation, damage control Resuscitation, early Burns management, acute management of the neurotrauma Patient, the management of mass casualty incidents, pre-hospital medicine updates, simulation in major trauma team training, the human factors and many more. The congress will also include various preconference trauma and critical care related workshops. Hope to see you in October 2018.

Dr. Adel Abdel Aziz

Emergency Medicine Consultant, Southampton-UK
Vice President & Chairman of Scientific Committee of the
Conference

Maj. Gen. Dr. Bahaa Eldeen Zidan

#### **Guest Speakers**

#### Dr. Abdullah Al Harthy

Oman

Graduated College of Medicine at Sultan Qaboos University in 1997

Surgical Residency in McGill University Canada 2000 to 2005 after which he be came a Fellow of the Royal Collage of Surgeons of Canada.

Joined the University of Toronto in 2006 to 2008 as a Fellow in Critical care medicine and Trauma Surgery.

Currently a Senior consultant Trauma surgeon & Inensivist in the SQUH.

in addition to his clinical responsibilities he holds many administrative positions on national and international comittees and boards like the higher medical committee, Oman surgical society and ATLS middle east.

#### Dr. Abdelhakim T. Elkholy

MBBCH, FACS
Fellow of American College of Surgeons.
Director of Egyptian Life Support Training Center (ELSTC).
ATLS Chairman for Middle East and North Africa (ATLS-MENA).
ATLS (Advanced Trauma Life Support) Chairperson and Program Director-Egypt.
American Heart Association Regional Faculty Member, MENA (2009-2015).

#### Dr. Abdelrahman Nafie

MBBch, FRCEM Primary
Wessex Emergency Medicine Trainee - Health Education England - UK
Acute Care Common Stem Speciality Training
ATLS instructor potential, ALS provider
Doctors Mess Representative 2015, 2016
Doctors Mess representative — Southampton General hospital

#### Mr. Abdullah Naif

Paramedic, Saudi Arabia.

Teaching Assistant at College of Applied Medical Sciences, King Saud bin Abdulaziz University for Health Sciences, Riyadh, Saudi Arabia

Postgraduate student in MSc Trauma Sciences. University of Southampton.

Bachelor of Science in Emergency Medical Services with honor degree form King Saud bin Abdulaziz University for Health Sciences, Riyadh, Kingdom of Saudi Arabia.

Certified BLS, ACLS, PALS, and PHTLS provider

#### Dr. Adel Ayad

Consultant of emergency medicine and Chief of service of the emergency department of Al Rahba hospital, Abu Dhabi, UAE.

He is the director of the Emergency US program and life support program in Al Rahba hospital, as well as ACLS & ATLS instructor.

#### Dr. Adel Abdel Aziz

UK

Senior Emergency Physician, University Hospital Southampton NHS Foundation Trust. Honorary Senior Clinical Lecturer at University of Southampton Faculty of Medicine.

Dr Abdel Aziz is a senior emergency physician who joined the Trust in 2002. He's particularly interested in major trauma, emergency ultrasound and international emergency medicine. He's the TARN (trauma audit and research network) lead for the major trauma centre here at University Hospital Southampton. He is SAS Program Director for Emergency Medicine at Health Education Wessex and an examiner at the Royal College of Emergency Medicine examiner.

Dr Abdel Aziz is an Examiner at the European Board Examination in Emergency Medicine (EBEEM). Dr Abdel Aziz was also a founder of the Egyptian Trauma Society (EgTS) and a founder member of the Faculty of Medical Leadership and Management (FMLM). He's a member of the special implementation committee of the International Federation for Emergency Medicine (IFEM).

#### Dr. Ahmed Al-Jabri

Head of emergency department at Ibra Hospital- Oman Subspecializes in trauma and ultrasound in emergency medicine Clinical Trauma Fellowship from McMaster University - Ontario, Canada Ultrasound Clinical fellowship, Queen Elizabeth Hospital, UK Oman Emergency Board (OMSB) – Emergency Medicine, Oman Arab Board in emergency medicine

)man

#### Dr. Ahmed Elsenousi

**FGP** 

Emergency and Disaster Medicine Senior Registrar

Emergency Department Manager - Al Galaa Major Trauma Center

Director of Wadi El Neel Training Academy- Wadi El Neel Hospital

Co-Founder and Treasurer of Egyptian Trauma Society (EgTS) Sep2015-Present

Instructor Trainer in The European Resuscitation Council (ERC) Nov2013-Present

Member of Egyptian Resuscitation council (EgRC) July2011-present

Course Director of Advanced Life Support Course - ERC

Diploma in Hospital Management - AUC

#### Dr. Ahmed GamaL Hussien

MB BCh, Msc
Plastic ,reconstructive and burn surgery specialist ( Helwan University Hospitals)
European trauma course (ETC ) instructor
European resuscitation council (ERC ) instructor
National safety council (NSC ) instructor
American Heart association (AHA ) instructor

FGP

#### Dr. Ahmed Hassan El Azab

EGP

General Manager of Air Ambulance in Egyptian Ambulance Organization
Director of Advanced Cardiac Life support (ACLS), Pediatric Advanced Cardiac Life support
(PALS), Basic Life support (BLS) courses accredited by American Heart Association (AHA).
Director of Basic Disaster Life Support (BDLS), Core Disaster Life Support (CDLS) courses
accredited by Georgia University.

Director of Emergency Severity Index (ESI) course accredited by Georgia University.

Course director of Intermediate Life Support (ILS) course accredited by the European Resuscitation Council

(FRC)

#### Dr. Ahmed Kamal

I have been the Clinical Lead for the Emergency Department at the Royal Glamorgan Hospital in South Wales for 18 years.

I have a wide range of interests in Emergency medicine such as :

- Quality issues such as patient flow, risk reductions and patient's satisfaction.
- I have an interest in the «walking wounded» management and Minor injury units
- Emergency Medicine Radiology teaching.

#### Dr. Ahmed El Wazzan

KSΔ

President of the Saudi Society of Emergency Medicine.

Assistant professor of Emergency Medicine & trauma in King Saud bin Abdulaziz University for health sciences, Ministry of National Guard health affairs, Jeddah, KSA.

Member of the Scientific Board and the examination committee of Emergency Medicine in the Saudi Board of Emergency Medicine by the Saudi commission for health specialties.

Certified Emergency Department Director by the ACEP Emergency Department Director's Academy "EDDA" and a Certified Emergency Department Executive "CEDE" by the International Emergency Department leadership Institute.

#### Dr. Asmaa Hamdy

Assistant professor of medical surgical nursing, Faculty of Nursing, Ain Shams university Member of the Egyptian trauma society

EGP

#### Dr. Benjamin Wachira

Kenva

Dr Benjamin W. Wachira is an Assistant Professor of Emergency Medicine at the Aga Khan University Hospital, Nairobi and the Founding Director of the Emergency Medicine Kenya Foundation. He has also serves on the board of the African Federation for Emergency Medicine (AFEM) and is currently the president-elect of AFEM. He is also a section editor for the African Journal of Emergency Medicine

He obtained his Diploma in Primary Emergency Care from the College of Emergency Medicine of South Africa in 2007. Subsequently, he pursued his Masters in Medicine specialising in Emergency Medicine at the University of Cape town, South Africa. He was admitted as a Fellow of the College of Emergency Medicine of South Africa in October 2011.

Dr Wachira has published several journal articles which reflect his research interests in the development of evidence-based universal emergency care in Kenya.

#### Dr. Conrad Buckle

UK

Consultant in Emergency Medicine, Milton Keynes University Hospital NHS Foundation Trust Emergency Planning Lead for Emergency Department Milton Keynes University Hospital Founding Fellow (FGCPS), Faculty of Emergency Medicine, Ghana College of Physicians and Surgeons Faculty member, Sports, Exercise, and Rehabilitation Medicine (SERM) Programme, Ghana College of Physicians and Surgeons Past Vice-President, Ghanaian Doctors and Dentists Association UK (GDDA-UK) Past Vice-President, African Federation for Emergency Medicine (AFEM) International Federation for Emergency Medicine (IFEM):

Member of Clinical Practice Committee, and Disaster Medicine Special Interest Group Reviewer

Emergency Medicine Journal Reviewer African Journal of Emergency Medicine Section contributor, Oxford Press AFEM handbook of Acute and Emergency Care Instructor - Advanced Life Support (ALS) and Advanced Trauma Life Support (ATLS) Faculty member, Humanity First Medical Disaster Response Training Course (UK) Collaborative training programmes with International Organisation for Migration (IOM – MIDA Ghana Health Project), National Catholic Health Service (Ghana), Ghana Ambulance Service, Ministry of Health Ghana.

#### Lt. Col. Engy Sabry Mohammed

Head of Nursing "Major Trauma Centre" – Al Galaa Military Medical Complex (GMMC) Diploma in Total Quality Management, (AUC). Internal Quality Auditor.

Advanced Diploma "Human Resources Management" Training College Britain (CAMBRIDGE). BLS Instructor Course accredited by European Resuscitation Council.

EGP

#### Prof. Dr. Francesco Della Corte

Italv

Medical doctor, graduated from Università Cattolica del Sacro Cuore in Rome, Italy (1979) and specialized in Anaesthesiology and Intensive Care (1982). He was the first Associate Professor in Disaster Medicine in Italy and currently is full Professor in Anaesthesia, Critical Care, and Critical Emergency Medicine at the Università del Piemonte Orientale, Novara, Italy. He served as Honorary Secretary to the European Society for Emergency Medicine from 1999 to 2006. He is the co-initiator of the Mediterranean Emergency Medicine Conference and Founder of the European Master in Disaster Medicine (EMDM) founder and director of the Center of Research in Emergency and Disaster Medicine (CRIMEDIM), a WHO collaborative Center. His fields of interest are training medical professionals in Disaster and Mass Casualty Incidents management and Head trauma.

Prof. Della Corte was involved in different projects funded by European Union. He authored more than 140 full papers published on peer-reviewed, impacted journals and was invited as speaker in more than 300 national and international congresses.

#### Dr. Gamal Abbas

MB,Chb,Msc. EM, EMDM, FRCEM, FERC
Senior Consultant in Emergency and Disaster Medicine
President of Egyptian Resuscitation Council
Vice President of Egyptian Trauma Society
GA member of European Resuscitation Council
International Trauma Life Support Chapter Director

ECD

#### Mr. Gordon Miles

UK

Gordon Miles Chief Executive, FRCEM (Hons) MBA ACIB
Gordon Miles has been Chief Executive at the Royal College of Emergency Medicine since
December 2010. His background is drawn from private, public and charity sectors; including
working with NatWest in Corporate Finance and in the NatWest Strategy Team. He has

Chairman of the Scholarship Committee

Chairman of the Visiting Professors Program (AR/NG 268)

#### Ms. Sharon Freemantle

Emergency medical Technician - Ambulance service (South Central Ambulance NHS Foundation Trust)

#### Dr. Steve Black

Emergency physician/ICM fellow at University Hospital Southampton NHS Foundation Trust Crowed doctor for Southampton Football Club at St Mary's Stadium, Hampshire. Instructed many diverse groups ranging from junior doctors, Medical students and multidisciplinary teams using different delivery methods Lead for the regional charity cycle ride (Tour de Wessex).

#### Mr. Steven Earley

UK

Registered nurse Worked in two Emergency Departments in the South of England. Charge Nurse in the Emergency Department at the University Hospital Southampton Major Trauma centre.

Lead nurse in implementing new innovations in Trauma care.

Responsible for teaching Trauma care to nurses in the department as well as professions in the trust and surrounding hospitals.

Responsible for providing Mass Haemorrhage Transfusion training

#### Prof. Dr. Suzan Brundage

Professor of Trauma Education Professor Brundage joined London C4TS in July 2013

recruited from the USA to direct the International Masters in Trauma Sciences. Prof Brundage is recognized as a global trauma expert based on her reputation as an outstanding trauma surgeon combined with prominent and practice-defining publications in outcomes research. Prof Brundage's longstanding interest in dissemination of trauma knowledge and education has resulted in extensive presentations in America plus lectures throughout South Africa, West Africa, Europe, Southeast Asia and the UK

Professor Brundage has published > 90 peer reviewed high impact publications and book chapters in trauma outcomes research and surgical education. Prof Brundage was one of twelve surgeons in the USA selected to develop the educational material and instruct at the Comprehensive General Surgery Review Courses developed by the American College of Surgeons Division on Education.

Professor Brundage has also been highly involved with international dissemination of the Association for Academic Surgery's Fundamentals of Surgical Research and Career Development Courses.

#### Dr. Taj Hassan

UK

Dr Taj Hassan is a consultant in Emergency Medicine at the Leeds Teaching Hospitals NHS Trust and also President of the Royal College of Emergency Medicine (2016 - 2019). He has previously held posts at NHS Improvement as Associate Medical Director for Urgent

& Emergency Care, national RCEM Lead for Ambulatory Emergency Care and co-author of the national Directory of Ambulatory Emergency Care, Vice President of the RCEM and was Director of eLearning at the College (20052012-) leading on the development of the eLearning platform that is now RCEMLearning. He has led on the development of the new strategy RCEM Vision 2020 which focuses on the key themes of Staffing, Systems & Support.

His major interests include EM system design, creating workforce resilience & sustainability and developing leadership skills for emergency physicians. He chaired the College's landmark strategy in 2013 – Creating successful, satisfying and sustainable careers in Emergency Medicine. Internationally, he has been involved in running leadership training programmes for the International Federation of EM (IFEM) and was Chair of the IFEM group that developed the position paper on Sustainable working Practices for the Emergency Physician in 2014. He has also recently led an initiative to launch the first international conference of Emergency Medicine in Pakistan which is aimed at fast tracking EM development in that country. This forms part of a wider international RCEM strategy that he has led on to create ethical collaborative relationships with low and middle income countries to support emergency care development in their countries as well as workforce challenges in the UK.

#### Dr. Tarek Atta

Consultant laser .burn and plastic surgery Active member of FSPRS Active member of the FTS Lecture in military medical academy

#### Dr. Terrence M. Mulligan

USA

Over the last fifteen years, Dr. Mulligan has initiated and participated in emergency medicine and acute care system development programs in over forty countries. He has established and assisted in establishing residencies in Emergency Medicine, national and international EM societies, Fellowships in EM and EM subspecialties, schools for emergency nursing, training schools for paramedics, relief agencies for underserved areas, disaster medicine and disaster preparation, hospital disaster preparedness and hospital trauma system development all around the world. He has delivered over 400 lectures, symposia and educational programs nationally and internationally for over twenty local, national and international EM organizations. In 2010, he was honored with the special award, "The Order of the IFEM" for "extensive and continuous commitment to the specialty of Emergency Medicine in his own country and for significant

contributions to supporting the development and advancement of the International Federation for Emergency Medicine." In June 2012, he was nominated for the award, "Best Personal Contribution to Emergency Medicine in the Netherlands" by the Dutch Society for Emergency Physicians. In October 2012, he received the highest award from the ACEP International EM Section for "Individual Achievement in International Emergency Medicine Development". Most recently, Dr Mulligan was awarded the "International Emergency Medicine Leadership Award" by the American Academy of Emergency Medicine (AAEM) in 2015. He received an award for "Individual Achievement in International Emergency Medicine" by the ACEP Ambassador Committee in 2017. In 2017, he was also named an "Honorary Fellow of the Polish Society of Emergency Medicine". In 2018, Dr Mulligan received a personal citation from the Minister of Health of Lithuania for "Leadership in Emergency Medicine Development" and for his contribution to Lithuanian Emergency Medicine systems development.

#### Dr. Tiffany Claire Fong

IISA

Director of the Division of Emergency Ultrasound, Johns Hopkins University School of Medicine, USA.

Assistant Professor in the Department of Emergency Medicine at the Johns Hopkins University School of Medicine, USA.

Member of the Department's Leadership Council, Johns Hopkins University School of Medicine, USA.

Active member of the Teaching College steering educational priorities, and Clinical Competency Committee

#### Dr. Wagih Moussa

Senior Trauma & Orthopaedics Surgeon specializing in Foot and Ankle Surgery, Southampton University, UK

Director of Medical Education for Trauma & Orthopaedics, Neurosciences (Neurology and Neurosurgery), Cardiothoracic, Vascular Surgery and Clinical Director of Orthopaedics (Care group lead)

Chairman of Medical Staff Committee for the Trust Consultant appraiser Educational Supervisor

#### Lt. Col . Walaa Atif Elsaied Ahmed

Head of Training Department at Air Force Specialized Hospital. MBA, (quality management), AASTMT Member of the Committee of Ethics of Scientific Research at AFSHv

ECD

#### International Trauma Life Support (ITLS) Course (sponsored by Egyptian Resuscitation Council)

First Course

Course Director:

Dr. Gamal Abbas, FGP

Instructors:

Faculty of International Trainers certified by the American College of Emergency Physicians

(ACEP)

Aim:

The ITLS course is hands-on and intensive. The primary purpose of the ITLS course is to provide students with the fundamental knowledge and experience necessary to get the trauma patient from scene to surgery in the best possible condition. The ITLS course focuses on the skills necessary to recognize mechanisms of injury; perform an organized. time-efficient assessment; prioritize and perform critical interventions; and appropriately package and transport the trauma patient.

ITLS Provider includes 8 hours of classroom instruction. 8 hours of hands-on skills training. With its comprehensive approach to core knowledge and skills, ITLS Provider is appropriate for physicians, nurses and all levels of EMS personnel-from EMTBs and first respondents to advanced EMTs, paramedics, trauma nurses.

ITLS Skills: Scene Size-up -Trauma Assessment and Management - Airway Management -Thoracic Trauma - Shock - Head Trauma - Spinal Trauma - Abdominal Trauma - Extremity Trauma - Burns - Pediatric Trauma -Geriatric Trauma-Trauma in Pregnancy -The Impaired Patient -Trauma Arrest - Standard Precautions.

Duration: 2 days course Targeted audience: 24 EM Physicians

Certificate: American College of Emergency Physicians (ACEP)

Venue: Al Galaa Training Center Non EqTS member: 1800 L.E Fees: EqTS member: 1200 L.E

October 2018

#### **Emergency Medicine OSCE**

14:00 - 20:00

Course Director:

Dr. Maged Elwarraky, EGP

Instructors:

Dr. Mahmoud Ramzy Rashad, EGP -Dr. Mohamed Hafez Habiba, EGP-Dr.Omar Zein Elabdin Hassan, EGP- Dr. Mostafa Abdelrahman Agiza, EGP.

Aim:

To Help Emergency Physicians to pass OSCE Exam of Royal College Of Emergency Medicine

and Emergency Board.

Course Content:

OSCE Exam Overview, History Taking, Examination (General/Orthopedics/ Special), Communication Skills, Psychiatric Examination, Procedures,

Teaching Junior doctor and Resuscitation.

Targeted audience:

30 EM physicians Venue-

Fees:

Al Galaa Training Center Non EgTS member: 300 L.E EqTS member: 250 L.E

#### Immediate Life Support (ILS)

(sponsored by Egyptian Resuscitation Council - European Resuscitation Council)

Speakers: Aim:

Faculty of International Trainers certified by the European Resuscitation Council (ERC) The purpose of this workshop is to emphasize the team approach in the management of the

cardiac arrest patients. We will discuss the keystones of resuscitation (High quality CPR) and Safe defibrillation). It is aimed at junior physicians who are expected to be members

of trauma teams in their work set-up.

Targeted audience:

24 senior medical students or interns

Venue: Fees:

Al Galaa Training center Non EqTS member 650 L.E EgTS member: 550 L.E

#### Pre-hospital Trauma Management

09:00 - 15:00

Course Director: Instructors:

Dr. Abdelhakim T. Elkholy , EGP Faculty of International Trainers

Aim: PHTLS is the global gr

PHTLS is the global gold standard in prehospital trauma education and is taught in 64 countries. PHTLS is appropriate for EMTs, paramedics, nurses, physician assistants,

physicians, and other prehospital providers.

The course utilizes the internationally recognized PHTLS textbook and covers the

following topics:

Physiology of life and death, Scene assessment, Patient assessment, Airway Breathing, ventilation and oxygenation, Circulation, hemorrhage and shock and Patients

with disabilities.

Targeted audience:

Venue: Fees: 24 Nurses/Paramedics Al Galaa Training center Non EgTS member: 150 L.E

EgTS member: 100 L.E

October 2018

#### **Acute Burn Management**

08:30 - 13:00

Course Director: Instructor: Description: Dr. Tarek Atta, EGP - Dr. Ahmed Gamal, EGP Internationally Certified Faculty of Instructors

The purpose of this workshop is to update and emphasize the proper management of burn patients. Outcomes for burn patients have improved dramatically over the past 20 years, yet burns still cause substantial morbidity and mortality. Proper evaluation

and management, coupled with appropriate early referral to a specialist, greatly help in

minimizing suffering and optimizing results.

# Level 1 Emergency Ultrasound Course Collaboration Between Egyptian Trauma society (EgTS) and Emirates Society of Emergency Medicine (ESEM)

09:00 - 17:00

**GE** Healthcare

Course Director: Instructors: Dr. Tiffany Fong, USA

Dr. Adel Áyad, ŬAE - Dr. Ahmed Al Jabri, OMN - Dr. Randall Rhyne, USA

Dr. Rob Summerhayes, UK - Dr. Steve Black, UK

Aim: Our aim is that all sessions will be fully interactive with candidate participation key to

success. Based on previous experience, we hope to give each candidate ample time to gain the essential skills they will need on a day-to-day basis in the clinical settings by using the ultrasound to scan live models with normal anatomy, as well as a few interesting

pathology cases (dependent on availability)

Targeted audience:

Venue:

30 Physicians Golden Dome Hotel

October 2018

#### **Emergency Physicians ECG Course (EPEC)**

09:00 - 17:00

Course Director:

Dr. Hesham Ibrahim, UK

Aim.

By the end of the course, you will be able to manage ACS ECG changes with more confidence by Covering the new ACC/AHA guidelines, new signs related to ECG interpretation, commonly missed signs of MI, how to anticipate ST elevation before it happens, ischemia detection in presence of BBB & in the paced rhythm & discussing some changes in concepts that happened in the last few years. And also to manage some difficult arrhythmia in special circumstances e.g. with WPW, to have a clear D.D. when it comes to "Syncope & ECG", to Understand & spot the non-cardiac cause of ECG abnormalities, to manage ECGs that look similar but with completely different diagnoses & management plans in the ED setting and finally to interpret Pediatrics ECG & find out what is normal & what is not.

Targeted audience:

25 Physicians

October 2018

#### **Disaster Medical Management and Support**

من في ا 09:00 – 17:00

Course Directors:

Prof. Dr. Francesco Della Corte. ITL – Dr.Gamal Abbas. EGP

Instructors:

Dr. Ives Hubloue, BFL - Dr. Mohamed Rashad, FGP

Aim.

Effective disaster management reduces or avoids morbidity, mortality, and economic and physical damages from a hazard. The methods used to achieve this include hazard and

vulnerability analysis, preparedness, mitigation and prevention measures, and the use of

predictive and warning systems.

Targeted audience:

24 EM Physicians

Venue: Fees:

Golden Dome Hotel (Palermo Hall) Non EgTS member: 350 L.E EqTS member: 250 L.E

#### Basic Trauma Clinical Skills (Under graduate)

09:00 - 15:00

Instructors:

Faulty of International Trainer certified by the European Resuscitation Council (ERC)

Aim.

The purpose of this workshop is to emphasize the team approach in the management of the seriously injured. It is aimed at doctors who are expected to lead and be members of

trauma teams in their work set-up.

Targeted audience:

30 junior physicians and/or senior medical students

Venue: Fees:

Al Galaa Training Center Non EgTS member: 100 L.E EgTS member: 50 L.E

**Extremity Imaging** 

Fluoroscan<sup>®</sup> InSight ™FD Mini C-Arm Imaging System

Redefining Mini C-arm Technology

# Industry performance enhancements include:

- Flat detector technology
- C-arm design for improved ergonomics.

# Horizon™ DXA system

Powerful images. Clear answers.

High frequency dual energy X-ray source that is smaller and lighter than previous generations.

64 to 216 high-resolution ceramic digital detectors.

Dynamic Calibration™ system, delivering real-time pixel-by-pixel calibration through bone and tissue equivalents for greater long-term measurement stability.

www.yallam.com

#### 7 Years Running "Best in KLAS" Survey of U.S Healthcare Providers

Faster scans for greater comfort - a 3.7 second scan time for a 3D™ exam.

Detects up to %65 more invasive breast cancers compared to 2D alone.

Superior accuracy for women with dense breasts compared to 2D alone.

www.yallam.com

# Excellent patient care. Exceptional outcomes.

At GE Healthcare, we recognize the importance of precise Anesthesia delivery. Which is why we have pushed the boundaries of technology for over a century to innovate advanced Anesthasia delivery and monitoring equipment.

Presenting three packages that meet your requirements for accurate Anesthesia delivery, low-flow capabilities, and affordability.

#### Low Acuity Package

Equipped with exceptional technology, this package amalgamates performance, value, and durability.

Dependable

Intuitive

#### Mid Acuity Package

This package combines excellent technology and ergonomic design for easy operation.

Simple

#### High Acuity Package

Designed to cater to complex and diverse medical scenarios, this package offers uncompromised care and comfort.

#### Together, let's redefine Anesthesia delivery.

#### **Emergency Medicine Radiology**

10:30 - 16:30

Speaker: Aim:

Dr. Ahmed Kamal, UK

The course covers 8 topics as follows:

Introduction - principles of Emergency Medicine Radiology such as what to ask and look for in the image in front of you and how to avoid errors, Upper limb injuries I - clavicle to elbow. upper Limb injuries II - Forearm - hand. Lower limb injuries, Facial injuries, Spinal injuries, Paediatric injuries and NAI, Relevant examination (eg joints) and procedures and this point-covers relevant examination of common presentations, joint dislocation reduction and procedures such as :manipulation of common fractures and haemtoma blocks.

The course is unique in that it covers both Radiology and clinical aspects of presentations such as symptoms, signs, what to look for (both clinically and radiologically) and most importantly: the Emergency Department treatment of these presentations. The course will also cover common clinical errors and how to avoid these. The course also has 6 CPDs points.

Targeted audience:

Fees:
