Welcome Message

This is the first summer meeting for the Egyptian Academy of Dermatopathology (EADP).

The Academy aims to promote the awareness of young dermatologists with dermatopathology.

This two-day meeting will give the chance for the attendees to communicate with experts in dermatopathology throughout Egypt.

The meeting represents a single best chance to achieve the most important topics in dermatopathology in both inflammatory and neoplastic skin conditions.

We can assure you that all the EADP board members will do their best to make this event most valuable for all the attendees.

Hussein Hassab El-Naby
