- 3rd Annual Conference of VSE Al- Azhar University

20th – 23rd February 2019

Tolip Golden Dome Hotel, Cairo - Egypt

www.vse-egypt.com

Welcome Message

Dear Colleagues

It is our pleasure to announce for the coming 15th annual congress of the Vascular Society of Egypt (VSE).

On behalf of the conference board, I'm honored to invite you all to this event that will be held on 20-23 February 2019.

Throughout the last 14 years, this meeting has explored almost all frontiers of vascular practice, discussing year by year the latest updates and innovations and how these will be reflected on our daily practice.

This year, the theme of our meeting will focus on emergency vascular interventions with trauma management as a core part of it.

All controversies, updates and guidelines of this territory will be discussed and spotlighted by distinguished national and international guest speakers to put our young generations on the right track, through state of the art lectures, panel discussions, master classes and hands on workshops.

We look forward to welcoming you at this hopefully fruitful gathering.

Mostafa Soliman

Mostafa Soliman

President of the Congress

Welcome Message

Dear distinguished guests, professors and friends

I'm pleased to welcome you all and wishing a pleasant stay for three full days with spectacular scientific program and enjoying the Egyptian hospitality and friendship spirit.

This year we emphasized the role of young vascular fellows to participate in the conference organization . Also tried strengthening relation with "IUP" and similar societies in the five continents all over the world and bridging good ties with African societies to exchange experience together.

For all of these reasons I assure you unforgettable memories and wonderful days in ...Cairo.

Congress Theme

Vascular Emergency Interventions

Program at A Glance

The program will be distributed over 3 full days covering very hot topics in vascular practice. State of the art and key note lectures , case reports , debate sessions, tips & tricks and free paper presentations will surf you through these topics:

- » Endovascular management in acute limb ischemia
- » Critical leg ischemia
- » Acute aortic interventions
- » Acute carotid occlusions
- » Mesenteric vascular emergency
- » Dialysis access emergencies
- » Vascular trauma management
- » Emergency venous situations

Guest Speakers

Abdel Rahman El Kaialy

Ahmed Nassef

Fellow in Endovascular and Vascular Surgery at Royal North Shore and North Shore Private Hospitals Sheffield, South Yorkshire, United Kingdom

Ahmed Soliman

Senior consultant, Specialist for Vascular and Endovascular Surgery, clinic of vascular and phlebology Elisabeth-hospital 45138 Essen, Germany

Alvaro Orrego

Alvaro Orrego, MD, FACS
Vascular Surgeon
Chilean Phlebology and Lymphology Foundation. President
American Venous Forum Distinguished Member
AVF International Committee Member
Latin American Venous Forum. Past-President

Arkadiusz Jawien

Professor of general and vascular surgery, angiologist; MD, PhD, Chairman of the Department of Vascular Surgery and Angiology, University Hospital No. 1, Collegium Medicum, University of Nicolai Copernicus, Bydgoszcz, Poland. President of Polish Society for Vascular Surgery, Past President of World Federation of Vascular Societies (2017), Past-President of European Society for Vascular Surgery (2014/15).

Main interest in endovascular surgery, screening for AAA, treatment of infected vascular grafts, epidemiology of venous disorders, treatment of venous leg ulcer, wound management, diabetic foot. Published more than 280 papers.

Ayman Saad

Assistant Professor and Consultant of Vascular Surgery (Head of Unit) King Fahd Hospital , Imam Abulrahman Bin Faisal university, Dammam, Experienced in Vascular Surgery , Medical education, Clinical research and focused in Diabetic foot care

Ayman Samir

Dr. Ayman M. Samir Zaki Abbas

- **Current position:** Consultant Vascular surgery at King Fahd Armed Forces Hospital, Jeddah, Saudi Arabia
- **Previous position:** Professor of Vascular Surgery, Zagazig University, Egypt
- **Member of European Society of Vascular and Endovascular surgery.**
- **Member of the Board of the Egyptian Vascular Society of Egypt (VSE).**

Bruno Migliara

Bruno Migliara, MD, PhD, since 2003 has worked as Vascular Surgeon in the Vascular and Endovascular Unit at Pederzoli Hospital in Peschiera del Garda (Italy).

He's especially into vascular and endovascular procedures to treat patients with vascular diabetic foot complications.

During last years, he's developed a personal technique to perform totally percutaneous deep foot venous arterialization in patients with "no-option" CLI (PiPeR-technique).

Moreover, since 2015, he's been into treatment of compressive and obstructive deep veins pathologies.

Based on these experiences, he presented his experience during the most important worldwide Congresses (LINC, Charing Cross, CIRSE and others) and he was a course Director for specific international training courses on diabetic foot revascularization, mechanical debulking system use and IVUS image interpretation.

Devendra Dekiwadia

Cardiovascular and Thoracic Surgeon,
Associate Professor, Medical College Jamnagar.
Presently practicing as vascular and endovascular surgeon in Private Practice
Chairman Governing Council of Venous Association of India (VAI).
Immediate Past President of VAI

Essam Ayad

I am a Vascular and Endovascular surgeon with Egyptian and Irish qualifications, Saudi and British advanced vascular and Endovascular training and multinational work experience.
I am registered as consultant vascular surgeon in each of the Egyptian Medical Syndicate, Saudi Council for health specialties and General Medical Council in UK. (on the Specialist Register)
Current position:
Consultant Vascular and Endovascular surgery
Head of vascular services, National Guard Hospital, Al Madinah Al Munawarah, Saudi Arabia.

Fiona Rohlffs

Fiona Rohlffs MD, Vascular Surgeon, Department of Vascular Medicine, University Heart Center, University Hospital Hamburg-Eppendorf, Hamburg, Germany

Fiona Rohlffs works as a Senior Consultant for vascular surgery at the University Medical Center Hamburg-Eppendorf (UKE). Her fields of interest include complex endovascular aortic repair as well as the Treatment of Vascular Malformations. Her Research activities include both fields of her specialisation and she is a frequent speaker on vascular Meetings around the world. In addition since 2017, Fiona is Honorary Clinical Research Fellow at the Imperial College London.

Hisham Rashid

Mr Rashid is a consultant vascular and endovascular surgeon at King's College Hospital in London, UK and an Honorary Senior Lecturer at King's College London. He graduated from Cairo Medical School in 1984. He moved to the UK in 1993 to attain the FRCS and complete his vascular training. He has a master degree in surgery from Cairo University as well as from London University. He is an international expert and invited speaker in peripheral vascular disease, as well as, carotid and aortic disease. He has special interest in the management of the diabetic foot ischaemia. He has published several peer reviewed articles and book chapters on different vascular topics especially in relation to peripheral vascular disease. He leads the King's diabetic foot service and is also the lead vascular surgeon at King's College Hospital.

Javier A. Serralde

Phlebology and Lymphology

Vascular Ultrasound, MD - Surgery

Mexican Academy of Phlebology and Lymphology (AMFYL)

Pan-American Society of Phlebology and Lymphology

Professor of Phlebology and Lymphology

Professor of Venous Vascular Ultrasound

Professor of Pathophysiology

University Teacher at National Autonomous University of Mexico (UNAM)

Instituto Nacional de Ciencias Medicas y Nutricion «Salvador Zubirán»

Charges:

-General Secretary of the Mexican Academy of Phlebology and Lymphology 2017-2019

-Board Member of the Pan-American Society of Phlebology and Lymphology 2016-2018

-Founding Partner Emeritus of the Mexican College of Phlebology

(Colegio de Medicos Cirujanos J. Raymond Tournay)

-Professor of the Mexican Institute of Phlebology

Medical Activities in Mexico City:

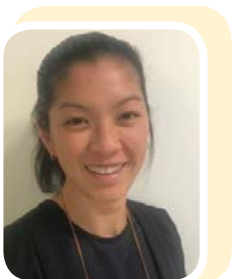

Hospital Sedna

Hospital Angeles Acoxa

Jonathan Ghosh

Jon Ghosh has been a Consultant Vascular Surgeon in Manchester, UK since 2012. He trained in the North West of England, carried out his Doctorate research in the smooth muscle cell biology and intimal hyperplasia, has a Masters qualification in Healthcare Ethics and Law, and postgraduate qualifications in medical education. In addition to a busy practice treating all aspects of vascular surgery he has several roles in medical education, management and research. He is an Honorary Senior Lecturer and currently acts as Training Programme Director for Vascular Surgery in the North West of England, examines for the Intercollegiate Royal College of Surgeons Examination in Vascular Surgery and is a member of the Specialty Advisory Committee.

Krystal Dinh

Dr Krystal Dinh is a doctor for Sydney, Australia. She has both an interest in vascular and trauma surgery.

Mahmoud Salah

Senior consultant & head of Department of vascular surgery, Saudi German Hospital, Jeddah
Chief of general & vascular surgery, Saudi German Hospitals group level.

Mahmoud Waly

Dr. Mahmoud Waly is Egyptian and Canadian national

He has been practicing in the Kingdom of Saudi Arabia for over 20 years, as a Professor and consultant vascular surgeon

He has over 33 publications in International journals in addition to a good number of presentations, including International ones.

Mark Welch

Mr Mark Welch is a Consultant Vascular Surgeon at University Hospital South Manchester, UK. A consultant since 1998, Mark has been dedicated to teaching and training, and has been Training Programme Director in general and vascular surgery in North West England for several years until very recently. He was previously Core Surgery Programme Director, Royal College of Surgeons Tutor, and President of the North West Regional Association of Surgeons for 2017/2018. He has been a regular senior faculty member of vascular skills courses and vascular trauma courses both in the UK and Riyadh, Saudi Arabia.

Mark was on duty on the night of the Manchester Arena bombing in 2017 and will provide a personal perspective as well as a summary of his colleagues' experiences on that night.

Mohammed Altwalah (Alshammari)

Dr. Mohammed Altwalah (Alshammari)

American board of interventional radiologist- University of Virginia

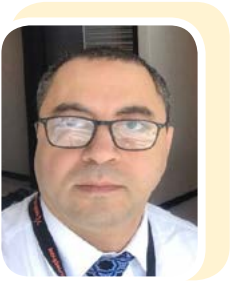

Head of PAIRS scientific committee

Mohamed Bouayed

20 years of experience in Endovascular techniques

Etablissement Hospitalo-universitaire Hai essabah Oran ALGERIA

Mohamed Shaltout

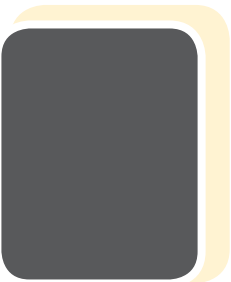

Dr. Mohamed Ali Shaltout. MBBch, MSc, FRCS

Graduated from Cairo University on 1989

Has completed vascular / endovascular training in France on 2003

Active share in the start of the 1st Aortic Program in our Arabic region in King Faisal, Reyadh, KSA on 2004

Current appointment as a Consultant Vascular / Endovascular surgery in king Fahd Military Medical Complex, Dhahran, KSA. Since Dec 2012 (one of the major tertiary centers in KSA).

Ragai Maqqar

Ravul Jindal

MS (PGI), DNB, FRCS (U.K), FAMS, FIVS Director – Vascular and Endovascular Surgery Chairman of Governing Council – Venous Association of India (VAI) Past President- Venous Association of India (VAI) Executive Member of International Compression Club (ICC) Council Member of L>Union Internationale de Phlebologie (UIP)

Reda Awad

**Consultant vascular surgeon
West Herts Hospitals NHS Trust
MB ChB FRCS FRCSEd MD**

Roy Varghese

Ph.D vascular surgery from National research Centre for surgery Moscow. 1991.

Retired from Jubilee mission medical college 2018.

Primary field of interest chronic venous disease, ulcers.

Among the first to introduce endovenous therapy in India 2002.

Founding member venous association of India.

Sameh K. Dimitri

MB BCH, MSc, FRCS (England and Edinburgh) Clinical Director for Vascular Services of the South Mersey Region
Ex Clinical Advisor to National Institute of Clinical Excellence (NICE)

Mr Dimitri has been an endovascular surgeon for the last 18 years at the Countess of Chester NHS Foundation Trust. He specializes in complex endovascular stenting of aneurysms, complex open vascular reconstructions, carotid surgery, thoracic outlet syndrome and venous disease.

Prior to his appointment as Clinical Director, Mr Dimitri was the chairman of the thrombosis group in the Trust, and the secretary of the Mersey Vascular Group. Mr Dimitri has significant interest in research as well as teaching and has been an honorary lecturer at the university of Liverpool, and a member of the Vascular Governance North West of England.

Mr Dimitri is a member of many professional bodies;

- Vascular Society of GB and Ireland
- Royal College of Surgeons, England & Edinburgh
- European Society for Vascular Surgery
- Member of European Venous Forum
- Royal Society Of Medicine
- Association of Surgeons of GB and Ireland
- British Medical Association
- American College of Phlebology
- American Venous Forum

Samer Koussayer

Currently serves as the section head and consultant at the Vascular and Endovascular Surgery Division of the King Faisal Specialist Hospital & Research Center.

He completed his training in General Surgery at the Weill Cornell Medical College in New York, and in Vascular Surgery at the Baylor College of Medicine in Houston, Texas.

He is board certified in vascular surgery and has special interest in EVAR, TEVAR and thoracoabdominal aortic.

Sayed Ali

Sayed Aly is general and vascular surgeon and is Currently associated professor and consultant vascular and endovascular for the Royal college of surgeons hospitals group (Beaumont, JCH, Hermitage clinic, SJH and Bons secures Hospital's) and also is a visiting professor to a few medical schools in the Middle East. Sayed Aly is a trainer and examiner for RCSI supervisor to (PhD, MD, & MS , M.Ch) Area of interest Carotid & aneurysm and vascular access surgery for complex reconstruction.

Sergio Giancesini MD, PhD, FACS

Surgeon, University of Ferrara (ITALY).

USUHS University (Bethesda, USA)

UCES University - ARGENTINA

v-WIN foundation president

UIP vice-president

Shoaib F. Padaria

Dr Shoaib Fakhruddin Padaria is a Consultant Cardiovascular Interventionist and Phlebologist, practicing in the city of Mumbai, India, since 1991.

Following his Post Graduate training in Internal Medicine (MD) and then in Cardiology (DM), he was trained in Interventional Cardiology at the Brook General Hospital in London, and the Miami Vascular Institute in Florida.

He is currently the Director of Vascular Sciences at the Jaslok Hospital, Mumbai, which is a leading Multispeciality hospital in India.

He is one of the founder members of the Venous Association of India, and also its Past President.

Tamer Ghatwary

Mr Tamer Ghatwary is a senior vascular and Endovascular trainee in the northwest Deanery in the United Kingdom. He has practiced and been trained in imminent vascular units across the UK such as; St. George's vascular institute in London, East Kent University hospitals in Canterbury, The Countess of Chester hospital, South Manchester University hospital and currently at The Royal Liverpool vascular and Endovascular surgery unit (LiVES). He also had 30 months fellowship in renal transplant and complex vascular access at St. George's renal unit in London. His MD research about the morphology of the abdominal aortic aneurysm was done at St. George's university hospital. Mr Ghatwary is a member of different professional organisations such as the Royal college of surgeons of England, British society of transplant surgery, European society of transplant surgery and the Egyptian society of vascular surgery

Thomas Noppeney, MD, PhD

Medical director and CEO, Center for vascular diseases, Nuremberg, Germany

Head Department Vascular Surgery and Endovascular Surgery, Martha Maria Hospital, Nuremberg, academic teaching hospital Erlangen University, Germany

Member of

- German Society for Phlebology
- German and International Society for Angiology
- German Society for General Surgery
- Bavarian Society for General Surgery
- German Society for Vascular Surgery
- American Venous Forum, United States of America
- Society for Vascular Surgery, United States of America
- European Society for Vascular Surgery
- International Society for Endovascular Specialists

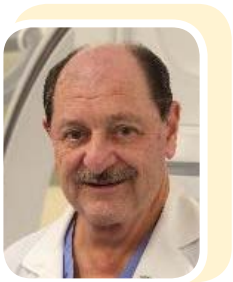

Vladimir Makaloski, MD, FEBVS

Head of endovascular surgery

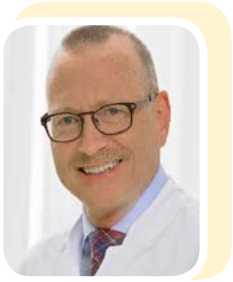

Department of cardiovascular surgery

Bern University Hospital University of Bern, Bern, Switzerland

Wayne F. Yakes

Wayne F. Yakes, MD, FSIR, FCIRSE received his medical degree in 1979 from Creighton University School of Medicine in Omaha, Nebraska. A military career took him to Fitzsimons Army Medical Center in Colorado where he completed his internship and residency in Diagnostic Radiology. In 1983, Dr. Yakes moved to Walter Reed Army Medical Center in Washington, D.C. where he completed his fellowship in Neuroradiology, Cardiovascular Radiology, and Interventional Radiology. Returning to Colorado in 1984, Dr. Yakes served variously as Chief of the Neuroradiology and Interventional Neuroradiology, Cardiovascular and Interventional Radiology and Diagnostic Radiology Service sections at Fitzsimons Army Medical Center. In 1991, Dr. Yakes established the Yakes Vascular Malformation Center at Swedish Medical Center in Englewood, Colorado to specialize in the diagnosis and management of vascular anomalies in all anatomic locations and has since made advances in the field of vascular malformation management.

Werner Lang

Chairman, Department of Vascular Surgery, University Hospital Erlangen (1995-current)

President, German Vascular Society DGG (2011-2012)

Board of Examiners, UEMS (2004-current)

Fellow of the European Board of Vascular Surgery FEBVS (2005)

Resident, Department of Surgery, University Hospital Erlangen

Wednesday 20th Of February 2019

Time & Duration

11:00 - 12:00 -60 Minutes-

Aim

Hands On Training For Attendees On IVUS machine & Catheters.

Content

- 10 min.Flash lecture "How does IVUS WORK?"
- Interpretation of IVUS data
- Dry training of IVUS machine and catheter
- IVUS in stent insertion
- Hands on Training

Accreditation

One Credit Hour By AMAC

Proctor

Mr. Robert Du Boen

Prof. Dr. Ayman Fakhry

Moderator

Dr. Osman Mahmoud

Workshop # 8

IVC Filter Retrieval

Wednesday, Feb 20th 2019

**Tolip Golden Dome Hotel,
Cairo, Egypt**

Target Audience

Vascular Surgeons, Intervention Radiologists & Cardiologists In Training.

Maximum Attendees

20 Candidates

Venue

Tolip Golden Dome Hotel, Cairo, Egypt

Date

Wednesday 20th Of February 2019

Time & Duration

10:00 - 11:00 -60 Minutes

Aim

Hands On Training For Attendees In Both Insertion & Retrieval Of IVC Filter

Contents

- 10 Minutes Flash Lecture " IVC Filter Insertion And Retrieval Through Femoral And Jugular Approaches"
- Dry Training Of IVC Kit Insertion
- Dry Training Of IVC Kit Retrieval
- Hands On Training

Accreditation

One Credit Hour By AMAC

Tutor

Dr. Yehia El-Khatib

Moderator

Dr. Mostafa Ibrahim

Workshop # 9

Electrosurgery

Wednesday 20th February 2019

**Tolip Golden Dome Hotel,
Cairo, Egypt**

Target Audience

All Vascular Fellows & Trainees

Maximum Attendees

30 Candidates

Venue

Tolip Golden Dome Hotel, Cairo, Egypt

Date

Wednesday 20th of February 2019

Time & Duration

17:30 -18:30 - 60 minutes

Aim

To Expand The Knowledge Of The Young Fellows About The Science Behind The Electric Cauterizing Machines And The Different Uses Of It In Surgery

Method

Tutorial Lecture, Video Demonstration & Interactive Discussion

Design

Classroom

Accreditation

Certified by RCS (Royal College of Surgeons)
One Credit Hour By AMAC

Tutor

Dr. Mohamed Omar El-Farouk

Moderator

Prof. Wagih Fawzy

Workshop # 10

How To Write A Scientific Paper & Publish It

Thursday, Feb 21st 2019

**Tolip Golden Dome Hotel,
Cairo, Egypt**

Target Audience

All Vascular Fellows And Trainees

Maximum Attendees

30 Candidates

Venue

Tolip Golden Dome Hotel, Cairo, Egypt

Date

Thursday, Feb 21st 2019

Time & Duration

11:15 am-12:15 pm -60 Minutes

Aim

To Raise The Awareness Of Young Vascular Surgeons About The Importance Of Research Work And The Rules Of Writing And Publishing Manuscript

Method

Tutorial Lecture

Design

Classroom

Contents

- Importance Of Writing
- How To Document Your Work
- Rules Of Writing A Research Work
- Types Of Research Design
- Guidelines Of International Publishing

Accreditation

One Credit Hour By A.M.A.C.

Tutor

Mr. Abd Allah Mahmoud (IOP)

Moderator

Prof. Dr. Hesham Sharaf

Workshop # 12

Offloading

Thursday, Feb 21st 2019

Tolip Golden Dome Hotel,
Cairo, Egypt

Target Audience

All Vascular Fellows And Trainees

Maximum Attendees

30 Candidates

Venue

Tolip Golden Dome Hotel, Cairo, Egypt

Date

Thursday, Feb 21st 2019

Time & Duration

13:30-14:30 -60 Minutes

Aim

To Explain The Importance Of Offloading In Diabetic Foot Problems And Its Role In Healing Of Foot Wounds And Ulcers

Method

Tutorial Lecture & Interactive Discussion

Design

Classroom

Accreditation

One Credit Hour By AMAC

Tutor

Prof. Dr. Hesham Mostafa

Moderator

Prof. Dr. Ayman Fakhry

Workshop # 13

How To Get A Paid Job In UK

Thursday, 21st February 2019

Tolip Golden Dome Hotel,
Cairo, Egypt

Target Audience

All Physicians Willing To Get A Paid Job In UK – Specially Vascular Surgery Trainees-

Maximum Attendees

30 Candidates

Venue

Tolip Golden Dome Hotel, Cairo, Egypt

Date

Thursday, 21st February 2019

Time & Duration

from 16:00 - 17:00 - One Hour

Aim

To Help Physicians To Know How To Register In GMC, How To Apply For Jobs & How To Improve Their Chances To Get Chosen For The Job

Method

Tutorial Lecture

Design

Classroom

Contents

- Why Do You Need To Travel?
- How To Start?
- How To Register?
- How To Write Your Professional CV?
- How To Present Yourself In The Interview?
- What To Expect If You Travel?
- Different Types Of Jobs

Accreditation

One Credit Hour By A.M.A.C.

Tutor

Dr Nader Mohamed Hamada

Moderator

Prof. Naser El Said

Workshop # 15

Infra-Genicular Tibial Angioplasty, Made Easy

Thursday, Feb 21st 2019

**Tolip Golden Dome Hotel,
Cairo, Egypt**

Target Audience

All Vascular Fellows And Trainees

Maximum Attendees

30 Candidates

Venue

Tolip Golden Dome Hotel, Cairo, Egypt

Date

Thursday, Feb 21st 2019

Time & Duration

17:30-18:30 pm -60 Minutes

Aim

To transmit the experience in negotiating the tibial vessel through the endovascular interventions

To give tips and tricks facilitating practice and increasing success notes in such cases

Method

Tutorial Lecture, Case Discussion & Interactive Discussion

Design

Classroom

Accreditation

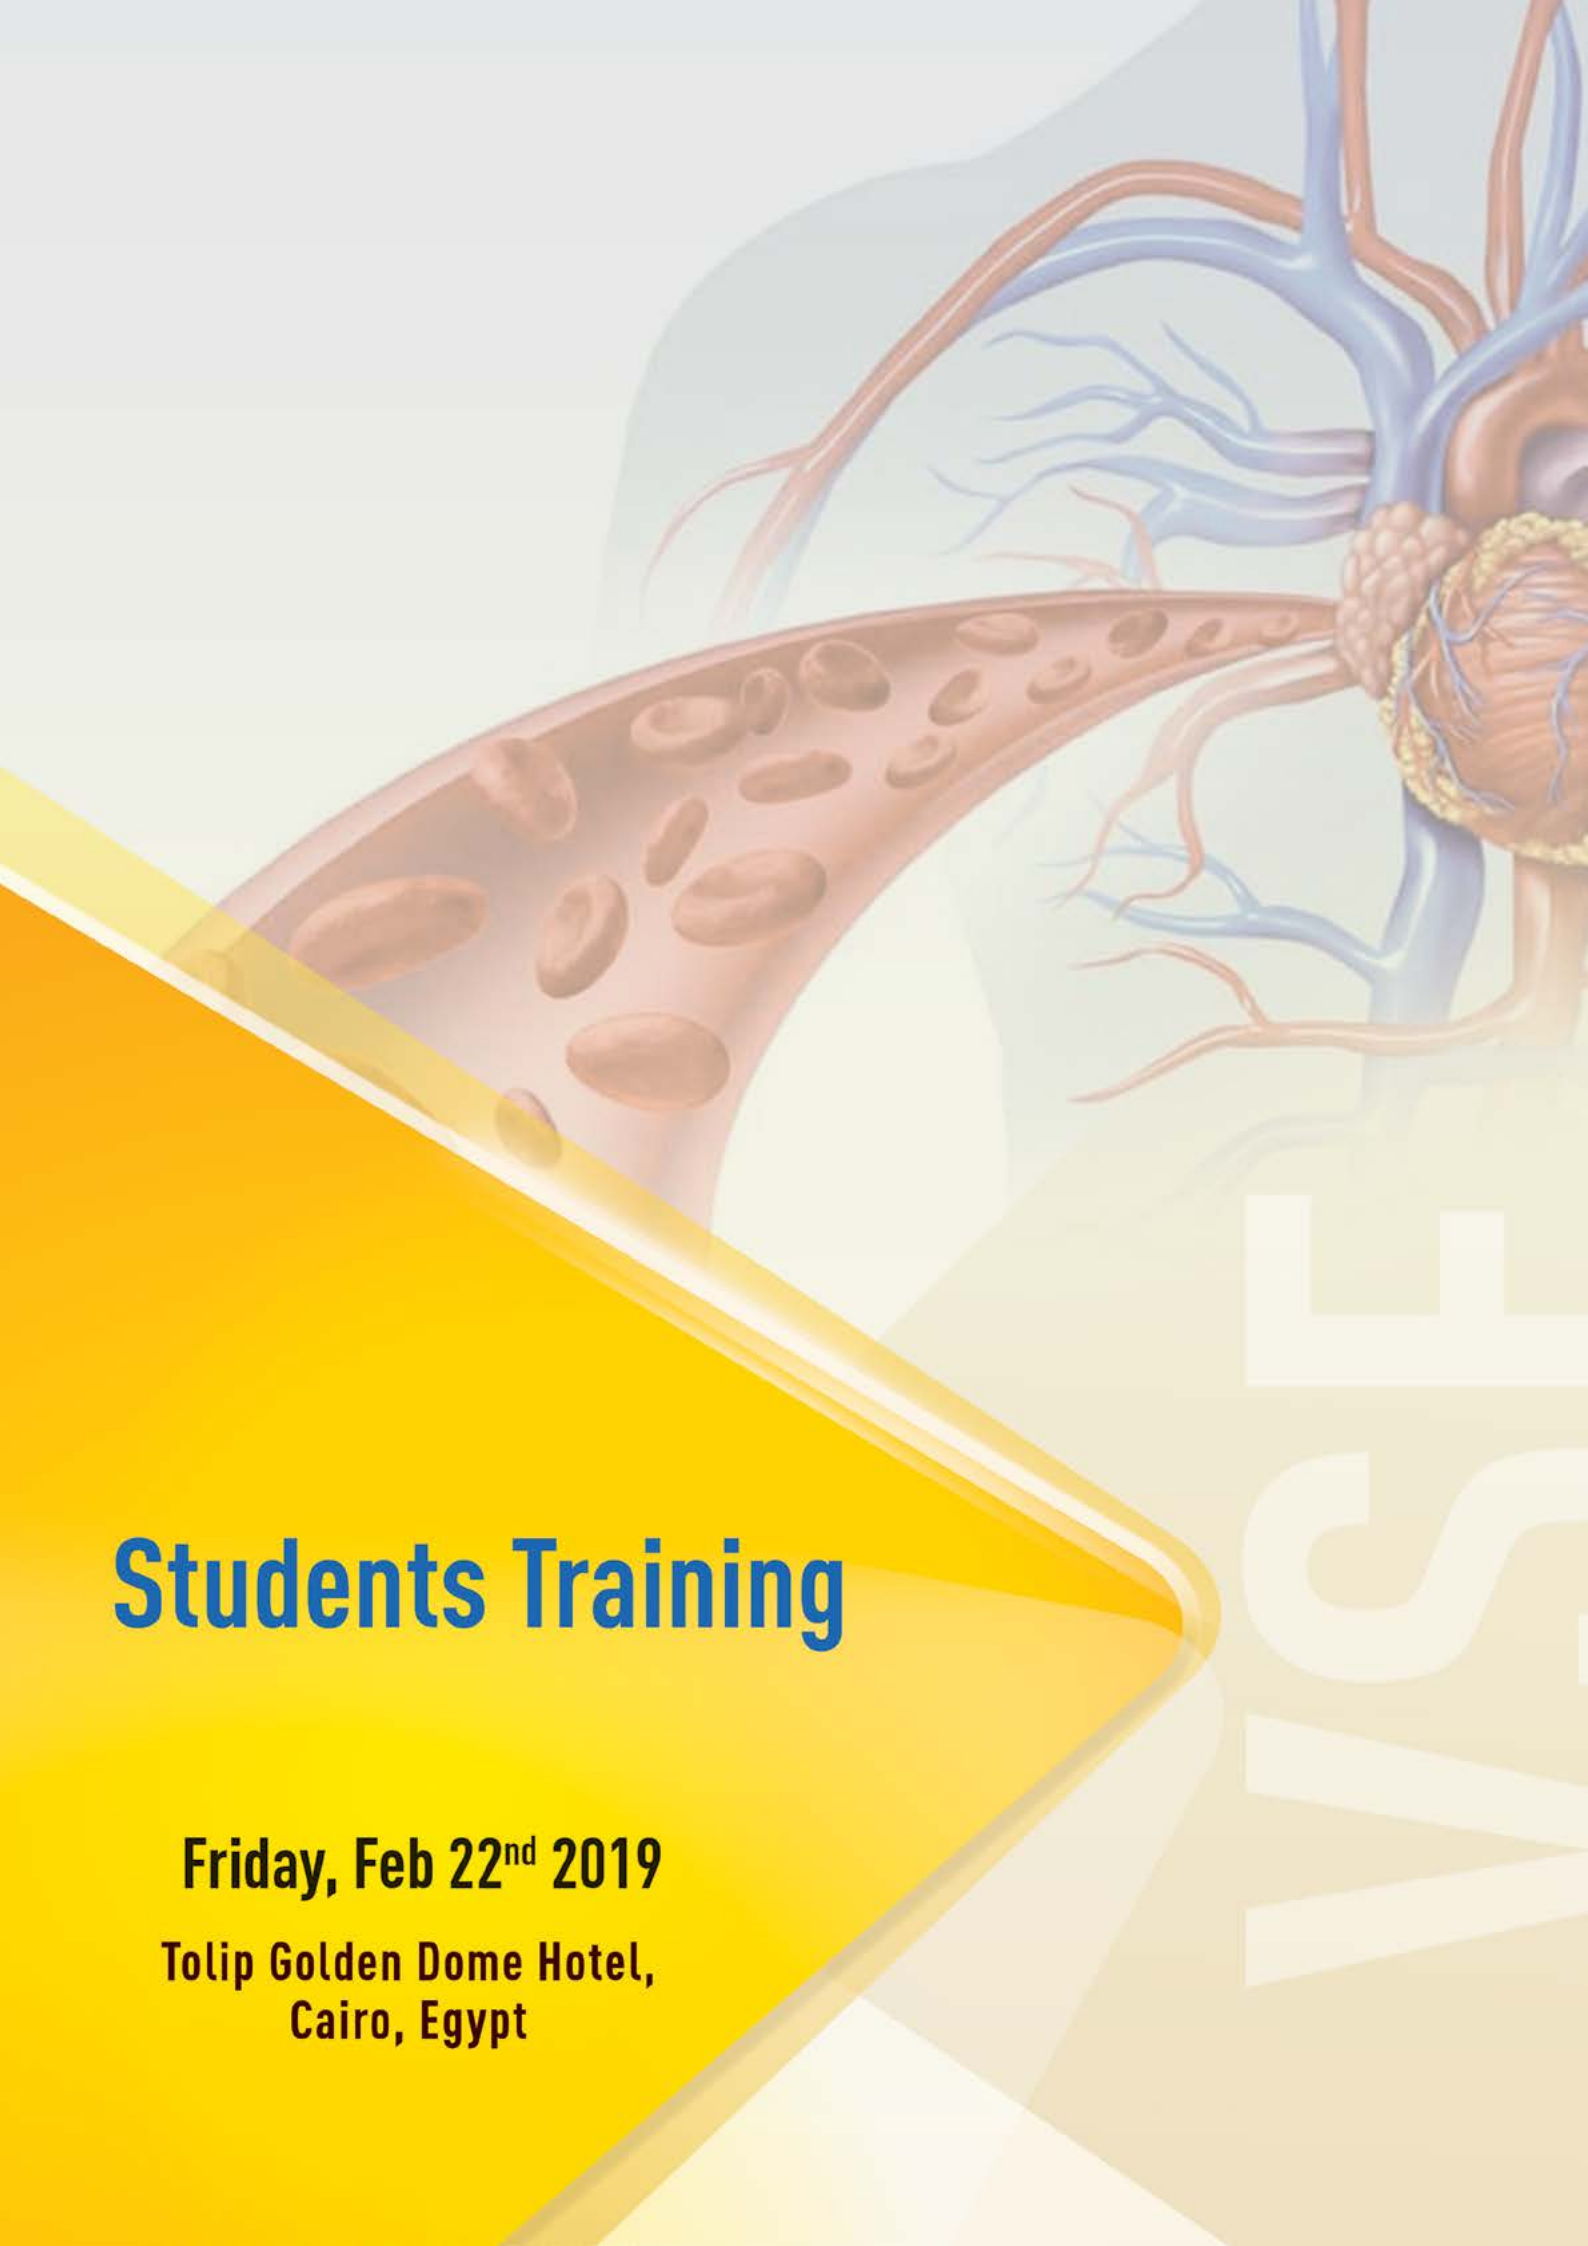

One Credit Hour By AMAC

Tutor

Prof. Dr. Mohamed El-Shemmary

Moderator

Dr. Aaser Abdel Hameed

Students Training

Friday, Feb 22nd 2019

**Tolip Golden Dome Hotel,
Cairo, Egypt**

Date

Friday, Feb. 22nd 2019

Venue

Hall (A) – TOLIP Gold hotel, Cairo -Egypt

Target Audience

Medical students

Maximum Attendees

20 attendees

Proctor

Prof. Hesham Sharaf – Prof. Esam Elkady

Time & Duration

09:00AM - 4 hours

Topic

Orientation of vascular surgery in the real world

Aim

To Draw attention of Future Practitioners to Vascular Surgery Field

Content

09:00 AM	Registration
09:30 AM	Join the main congress program
12:00 PM	Gomaa prayer and coffee break
01:40 PM	workshop I What do you know about vascular surgical practice?
02:40 PM	workshop II" Meet vascular surgeons "Interactive session. [Naser Elsaid- Wagih Fawzy- Hany Elshenawy-Tarek Hassan]
03:40 PM	Lunch

Nurse Training

Friday, Feb 22nd 2019

**Tolip Golden Dome Hotel,
Cairo, Egypt**

Date

Friday, Feb. 22nd 2019

Venue

Hall (B) – TOLIP Gold hotel, Cairo -Egypt

Target Audience

High nurses-paramedical personnels and nurses

Maximum Attendees

30 attendees

Proctor

Dr. Rashad Bishara

Time & Duration

09:00AM - 4 hours

Topic

Modern wound management and caring

Aim

Hands on Training for attendees on modern wound care techniques and negative pressure method of wound management

Content

09:00 Am	Registration
09:30 AM	Join the main congress program
11:30 AM	workshop I " modern wound care techniques"
12:30 PM	workshop II"Negative pressure method of wound management"
01:30 PM	Lunch

اللقاء المجتمعي

Wednesday, Feb 20th 2019

Tolip Golden Dome Hotel,
Cairo, Egypt

الجمعية المصرية لجراحة الأوعية الدموية

بالاشتراك مع روتاري مصر
(نادي الإسكندرية سبورتنج - نادي نايل قالى)

تحت رعاية
الأستاذ عبد الحميد العوا
محافظ المنطقة الروتارية

تنظم ندوة حوار مفتوح عن التوعية العامة لمرض السكر
وأهم ما يواجه المريض من أخطار وكيفية التعامل معها

مقرر الندوة: الأستاذ الدكتور / إيهاب نبيل

ضيوف الندوة:
الأستاذ الدكتور / هالة جمال الدين
أستاذ الأمراض الباطنية والسكر - جامعة القاهرة

الأستاذ الدكتور / شيرين متولى
أستاذ التغذية العلاجية - الجامعة الأمريكية

الأستاذة / رانيا علوان
خبيرة تنظيم مهارات الحياة

يوم الأربعاء 20 فبراير 2019
من الساعة السادسة إلى الساعة السابعة والنصف مساءً
وذلك بفندق توليب جولدن دوم بلازا - قاعة (B)

Registration

10:00 – 12:00

Session 1:

12:00 – 13:15

Vascular Trauma Management (I)

Chairmen: Alphabetical Order

Prof. Hussein Khairy
 Prof. Mark Welch
 Prof. Said El Mallah
 Prof. Tarek Abdel Azim
 Prof. Vladimir Makaloski

Moderator: Prof. Mostafa Soliman

12:00 – 12:10	Early Detection of Vascular Injuries Dr. Gamal Abbas, Egypt
12:10 – 12:25	Mass Trauma, Manchester Terror night Prof. Mark Welch, UK
12:25 – 12:35	Civilian Vascular Trauma Prof. Werner Lang, Germany
12:35 – 12:45	Popliteal Vessel Trauma: Surgical Approaches and Vessel-First Strategy Prof. Vladimir Makaloski, Switzerland
12:45 – 12:55	Iatrogenic Vascular Injuries During Surgical and Endovascular Procedures Prof. Samer Koussayer, KSA
12:55 – 13:15	Discussion

Session 2:

13:15 – 14:15

Peripheral Ischemia (I)

Chairmen:

Alphabetical Order

Prof. Ali Sabbour
 Prof. Jonathan Ghosh
 Prof. Mahmoud Sobhy
 Prof. Mosaad Soliman
 Prof. Omar El Kashef
 Prof. Ragai Maqqar

Moderator: Prof. Sameh Dimitri

13:15 – 13:23	CLI Prof. Ahmed Soliman, Germany
13:23 - 13:31	Human Factors in Vascular Surgery Prof. Jonathan Ghosh, UK
13:31 – 13:39	Suction Thrombectomy Technique in Acute Ischemia Prof. Ragai Maqqar, UK
13:39 – 13:47	How far should we respect Angiosomes Prof. Mahmoud Waly, KSA
13:47 – 13:55	Critical Leg Ischemia no-option for Revascularization and Major Amputation Prof. Hisham Rashid, UK.
13:55 – 14:03	Understanding the Patient in Agony Prof. Reham Ali, Egypt
14:03 – 14:15	Discussion
14:15 – 15:00	Lunch

**Session 3:**

15:00 – 16:15

Aortic Emergency Session (I)**Chairmen:****Alphabetical Order**

Prof. Ehab Saad
 Prof. Hisham Rashid
 Prof. Hussein Kamal El Din
 Prof. Mohamed Bouayed
 Prof. Raafat Naga
 Prof. Samer Koussayer

Moderator:

Prof. Reda Awad

15:00 - 15:15	Keynote Lecture: Aortic Aneurysm Rupture Prof. Reda Awad, UK
15:15 – 15:30	Acute Aortic Type B- Dissection Prof. Ahmed Nassef, UK
15:30 – 15:40	Endovascular Treatment for Blunt Thoracic Aortic Injury Prof. Vladimir Makaloski, Switzerland
15:40 – 15:50	Aortic Emergencies, Our Experience Prof. Mohamed Bouayed, Algeria
15:50 – 16:00	Vascular Tracheobronchial Compression Syndrome, a Rare Case. Dr. Krystal Dinh, Australia
16:00 – 16:15	Discussion

Session 4:

16:15 – 17:00

Mesenteric Ischemia

Chairmen:

Alphabetical Order

Prof. Ayman Salem
 Prof. Mohamed El Maadawy
 Prof. Wael Shaalan
 Prof. Werner Lang

Moderator: Prof. Mahmoud Waly

16:15 – 16:23	Acute Mesenteric Ischemia Prof. Sameh Dimitri, UK
16:23 – 16:31	Offending SMA Prof. Mosaad Soliman, Egypt
16:31 – 16:39	Endovascular Management of Acute Mesenteric Ischemia Prof. Mohamed Shaltout, KSA
16:39 – 16:47	Ruptured IMA Prof. Assem Harzallah, Egypt
16:47 – 17:00	Discussion

Session 5:

17:00 – 17:30

Industry Symposium

Chairmen:

Alphabetical Order

- Prof. Abdel Aziz Abdallah
- Prof. Ahmed Abdel Sattar
- Prof. Bahgat Abdel Hamid Thabet
- Prof. Hasan Abdel Aty

17:00 – 17:10	Diabetic Foot Lesions Management: Egyptian Consensus Prof. Tarek Radwan, Egypt
17:10 – 17:20	DVT Treatment Guidelines Prof. Mostafa Soliman, Egypt
17:20 – 17:30	Discussion

**Session 6:**

17:30 – 18:30

Carotid Emergency Session (I)**Chairmen:****Alphabetical Order**

Prof. Ahmed Soliman
Prof. Hasan Bakr
Prof. Hatem Abdel-Azim
Prof. Mahmoud Salah
Prof. Sayed Ali

Moderator:**Prof. Ahmed Nassef**

17:30 – 17:40	State of the Art Lecture: Carotid Intervention Prof. Mark Welch, UK
17:40 – 17:50	CEA for Acute Carotid Occlusion Prof. Ahmed Soliman, Germany
17:50 – 18:00	Emergency Carotid Interventions Prof. Ahmed Nassef, UK
18:00 – 18:10	Urgent Carotid Surgery in Patients Presenting with Acute Stroke Prof. Hisham Rashid, UK
18:10 – 18:20	Endovascular Management of Traumatic Carotid Lesions Prof. Mohamed Shaltout, KSA
18:20 – 18:30	Discussion

**Session 7:**

18:30 - 19:20

Salvage of Hemodialysis Access**Chairmen:**

Alphabetical Order

Prof. Ahmed Farouk
 Prof. Alaa Sharaby
 Prof. Hosam Tawfik
 Prof. Mohamed Henaidy
 Prof. Yaser Mesbah

Moderator:

Prof. Essam Ayad

- 18:30 – 18:38 Role of the Vascular Laboratory in Management of Dialysis Vascular Access Patients, in both Elective and Emergency Situations.
Prof. Essam Ayad, KSA
- 18:38 – 18:46 Ruptured Arteriovenous Fistula for Hemodialysis with Infection. Ligate or save it?
Prof. Adel Kamhawy, Egypt
- 18:46 – 18:54 Hemodialysis Access Induced Distal Ischemia; Effectiveness of Different Types of Revisional Surgeries.
Prof. Hesham Sharaf, Egypt
- 18:54 – 19:02 Exhausted Access, Critical Situations
Prof. Mohamed Shaltout, Egypt
- 19:02 – 19:20 Discussion

21:00 – 23:00**OPENING CEREMONY & RECEPTION**

**Session 8:**

09:00 – 10:00

Vascular Trauma Management (II)**Chairmen:****Alphabetical Order**

Prof. Abdel Rahman El Kaialy

Prof. Adel Kamhawy

Prof. Hasan Lotfy

Prof. Hasan Soliman

Prof. Hesham Sharaf

Moderator:

Prof. Arkadius Jawien

09:00 – 09:10

Blunt Thoracic Aortic Trauma in Pediatrics

Prof. Abdel Rahman El Kaialy, KSA

09:10 – 09:20

Pediatric Arterial Trauma, 100 Cases Experience

Prof. Adel Kamhawy, Egypt

09:20 – 09:30

Severely Injured Upper Limbs

Prof. Waleed Khreba, Egypt

09:30 – 09:40

Popliteal Aneurysm in a 10 years old Athlete, a Rare Case.

Dr. Krystal Dinh, Australia

09:40 – 10:00

Discussion

**Session 9:**

10:00 – 11:00

Peripheral Ischemia (II)**Chairmen:****Alphabetical Order**

Prof. Ahmed Taha
 Prof. Alaa Abdel Halim
 Prof. Ayman Samir
 Prof. Devendra Dekiwadia
 Prof. Ravul Jindal

Moderator:

Prof. Mohamed El Shemary

10:00 – 10:08

Diabetic Foot Emergency Situations

Prof. Mahmoud Waly, KSA

10:08 – 10:16

Arterial Thrombosis during Endovascular Interventions.

Prof. Amr Abo Rahmah, Egypt

10:16 – 10:24

Retrospective Analysis of 200 cases of Superficial Femoral Artery disease.

Prof. Devendra Dekiwadia, India

10:24 – 10:32

Persistent Sciatic Artery

Prof. Ayman Saad, KSA

10:32 – 10:40

Infra-popliteal Angioplasty for Diabetic foot patients.

Prof. Ravul Jindal, India

10:40 – 10:48

Endovascular Angioplasty of Tibial Disease

Prof. Ayman Samir, KSA

10:48 – 11:00

Discussion

Session 10:

11:00 – 12:00

Aortic Emergency Session (II)

Chairmen:

Alphabetical Order

Prof. Ashraf Hedayet
 Prof. Hesham Bassiouny
 Prof. Ragai Maqqar
 Prof. Rashad Bishara

Moderator:

Prof. Mark Welch

11:00 – 11:10	EVAR in Aortoiliac Aneurysm by GORE Device Prof. Ragai Maqqar, UK
11:10 – 11:20	Prosthetic Aortic Graft Infection Prof. Jonathan Ghosh, UK
11:20 – 11:30	How to treat Hostile Neck after prior AAA Repair Prof. Arkadius Jawien, Poland
11:30 – 11:40	Endovascular Options in Aortic Emergencies Prof. Fiona Rohlffs, Germany
11:40 – 11:50	Dynamics of TEVAR Stent Volume Changes in Different Aortic Pathologies. Prof. Mohamed Abdel Maksoud, Egypt
11:50 – 12:00	Discussion

12:00 – 12:30

Coffee Break

**Session 11:**

12:30 – 13:15

NAAD (I) – Aortic Interventions Working Group in Egypt

Chairmen:**Alphabetical Order**

Prof. Arkadius Jawien
 Prof. Khaled Hindawi
 Prof. Magdy Haggag
 Prof. Naser El Said

Prof. Mohamed Omar Elfarouk
 Prof. Reda Awad
 Prof. Said El Mallah
 Prof. Sayed Ali

Moderator: Prof. Emad Hussein

- | | |
|---------------|--|
| 12:30 - 12:33 | NAAD Concept – An Ongoing Mission since 2016
Prof. Emad Hussein, Egypt |
| 12:33 – 12:39 | EVAR without Intraoperative Angio – Pushing Limits?
Prof. Magdy Haggag, Egypt |
| 12:39 – 12:45 | Optimization of rEVAR Team – Keys to Success
Prof. Emad Hussein, Egypt |
| 12:45 – 12:51 | Role of Endoclamping in Emergency Cases
Prof. Mohamed Omar Elfarouk, Egypt |
| 12:51 – 12:57 | Acute Aortic Syndromes
Prof. Reda Awad, UK |
| 12:57 – 13:03 | Ruptured Aortic Aneurysm – What to Do?
Prof. Naser El Said, Egypt |
| 13:03 – 13:09 | EVAR Conversion to Open Repair – What should We know?
Prof. Nader Hamada, Egypt |
| 13:09 – 13:15 | Discussion |

Session 12:

13:15 – 14:00

NAAD (II)

Aortic Interventions Working Group in Egypt
(The Big Debates & Challenging Cases)

Chairmen:

Alphabetical Order

Prof. Amr Gad

Prof. Hussein Kamal El Din

Prof. Mohamed Hosny

Prof. Mohamed Ismail

Prof. Mostafa Soliman

Prof. Nader Hamada

Prof. Sergio Giancesini

Prof. Sherif Kerdawi

Moderator: Prof. Magdy Haggag

13:15 – 13:28

Debate 1

NICE Guidelines for EVAR & EVAS are here to stay

With the Motion

[Prof. Emad Hussein, Egypt \(5 minutes\)](#)

Against the Motion

[Prof. Sayed Ali, Ireland \(5 minutes\)](#)

Discussant

[Prof. Rashad Bishara, Egypt \(2 minutes \)](#)

Voting (1 minutes)

13:28 – 13:41

Debate 2

Ruptured AAA – Again Open Surgery is Favored

With the Motion

[Prof. Naser El Said, Egypt \(5 minutes\)](#)

Against The Motion

[Prof. Reda Awad, UK \(5 minutes\)](#)

Discussant

[Prof. Sherif Essam, Egypt \(2 minutes\)](#)

Voting (1 minutes)

**Session 12:****13:15 – 14:00**

NAAD (II)

Aortic Interventions Working Group in Egypt
(Challenging Cases & The Big Debates)

13:41 – 13:45	Challenging Case Presentation Prof. Magdy Haggag, Egypt
13:45 – 13:49	Challenging Case Presentation Prof. Khaled Hindawi, Egypt
13:49 – 13:53	Challenging Case Presentation Prof. Atef Abdel Hamid, Egypt Prof. Mohamed Ismail, Egypt
13:53 – 13:57	Challenging Case Presentation Prof. Arkadius Jawien, Poland
13:57 – 14:00	Discussion

**Session 13:**

14:00 – 14:30

Carotid (II)
Carotid Interventions

Chairmen:**Alphabetically Order**

Prof. Ahmed Hosny
Prof. Ali Morad
Prof. Mark Welch
Prof. Sherif Balbaa
Prof. Tamer Fekry

Moderator: Prof. Werner Lang

14:00 – 14:10	Management of acute Carotid Occlusion, Irish Settings Prof. Sayed Ali, Ireland
14:10 – 14:20	Management of acute Carotid Occlusion, Schiefeled Experience Prof. Ahmed Nassef, Egypt
14:20 – 14:30	Discussion

14:30 – 15:30

Lunch

**Session 14:**

15:30 – 16:15

Nightmares (I)**Chairmen:****Alphabetical Order**

Prof. Mahmoud Salah
 Prof. Tamer Ghatwary
 Prof. Tarek Abdel Azim
 Prof. Wayne Yakes

Moderator:

Prof. Jonathan Ghosh
 Prof. Mohamed El Sharkawy

15:30 – 15:36	AVM Bleeding Catastrophy Prof. Wayne Yakes, USA
15:36 – 15:41	Discussion
15:41 – 15:47	Leaking Thoraco-Abdominal Aortic Aneurysm. Lessons Learned Prof. Mahmoud Salah, KSA
15:47 – 15:52	Discussion
15:52 – 15:58	Challenging Cases in Daily Practice Prof. Tamer Ghatwary, UK
15:58 – 16:03	Discussion
16:03 – 16:09	Delayed Repair of a Traumatic Arteriovenous Fistula Prof. Tarek Abdel Azim, Egypt
16:09 – 16:15	Discussion

**Session 15:**

16:15 – 16:45

Industry Symposium

Chairmen:**Alphabetical Order**

Prof. Ahmed Sayed
Prof. Ashraf Ewaida
Prof. Hany El Shenawy
Prof. Sameh Zarad
Prof. Waleed Khereba

16:15 – 16:35

Pure Mechanical Debulking in In-stent and Bypass Graft Occlusion:
a Cost-Effective Procedure! Case in a Box

Prof. Bruno Migliara, Italy

16:35 – 16:45

Discussion

**Session 16:**

16:45 – 17:25

Nightmares (II)**Chairmen:****Alphabetical Order**

Prof. Ahmed Nassef

Prof. Fiona Rohlffs

Prof. Magdy Haggag

Prof. Sayed Ali

Prof. Shoaib Padaria

Moderator:

Prof. Vladimir Makaloski

16:45 – 16:50	Profundoplasty for Limb Salvage after Failed SFA Angioplasty Prof. Ayman Elsamadony, Egypt
16:50 – 16:55	Discussion
16:55 – 17:00	Late Nightmare after Standard TEVAR Prof. Naser El Said, Egypt
17:00 – 17:05	Discussion
17:05 – 17:10	Transfemoral Aortic Occlusion Balloon in Ruptured AAA: A Life Saving Procedure Dr. Mohamed Al Ahwal, Egypt
17:10 – 17:15	Discussion
17:15 – 17:20	Retrograde Mesenteric Bypass; Case Report Prof. Amr Abdel Rahim, Egypt
17:20 – 17:25	Discussion

Session 17:

09:30 - 10:45

“VAI” Session
Varicose Vein Ablation Updates

Chairmen:

Alphabetical Order

Prof. Adel Kamhawy
Prof. Emad Hussein
Prof. Ravul Jindal
Prof. Roy Varghese
Prof. Said El Mallah

Moderator:

Prof. Amr Gad

- | | |
|---------------|--|
| 09:30 - 09:45 | «Keynote» Deep Vein Thrombosis,
Present thinking Technique and results over last decade.
Prof. Devendra Dekiwadia, India |
| 09:45 - 09:55 | Non-Thermal Saphenous Vein Ablation; Mexican Experience
Prof. Javier A. Serralde, Mexico |
| 09:55 - 10:05 | A Single Physician Experience of 12000 cases of Endovenous Ablation of Varicose Veins in India
Prof. Shoaib Padaria, India |
| 10:05 - 10:15 | Treatment of the Incompetent Dermal and Subdermal Reticular Plexus Sclerotherapy and Transdermal Laser Guided by AVIN (Active Vascular Imaging Navigation) and High Frequency ultrasound.
Prof. Alvaro Orrego, Chili |
| 10:15 - 10:25 | Treatment of Bleeding Varicose Veins.
Prof. Adel Kamhawy, Egypt |
| 10:25 - 10:35 | Our Initial Experience with Steam Ablation for Varicose Veins
Prof. Ravul Jindal, India |
| 10:35 - 10:45 | Discussion |

**Session 18:**

10:45 - 11:45

Adel Elham's Competition for Young Vascular Fellows

Referees:

Alphabetical Order

Prof. Ali Morad
 Prof. Ayman Salem
 Prof. Esam Elkady
 Prof. Nabil Elmehairy
 Prof. Waleed Khereba

- 10:45 - 10:55 **Comparative Study between Negative Pressure Wound Therapy (NPWT) and Standard Moist Wound Dressing (SMWD) in Management of Diabetic Non-Ischemic Foot Ulcers**
Dr. Mina Gamil Zekri, Egypt
- 10:55 - 11:05 **Predictive Parameters for Successful Functional Maturation of Native Arterio-Venous Fistulae in Patients with End Stage Renal Disease**
Dr. Nashaat Elsaadany, Egypt
- 11:05 - 11:15 **Outcome of Percutaneous Transluminal Angioplasty in End Stage Renal Disease Patients with Central Venous Occlusion.**
Dr. Armia Elia Saleeb, Egypt
- 11:15 - 11:25 **Treatment Modalities of Delayed Acute Lower Limb Ischemia: What is the ideal one?**
Dr. Mohamed El-Shamy, Egypt
- 11:25 - 11:35 **Single Stage Vascular Repair and Tissue Cover in Complex Ankle Injuries**
Dr. Mohamed Abou Elnaga, Egypt

11:45 - 13:00

Coffee Break & Gomaa Prayer

**Session 19:**

13:00 - 13:30

Venous Hemodynamics**Chairmen:**

Alphabetically Order

Prof. Elmetwaly Ragab
Prof. Mohamed Elbatanony
Prof. Shoaib Padaria
Prof. Thomas Noppeney

Moderator: Prof. Mohamed Omar Elfarouk

13:00 - 13:20

Keynote Lecture

«Venous Hemodynamic for Evidence Based Varicose Veins Recurrence Reduction»

Prof. Sergio Giancesini, Italy

13:20 – 13:30

Modified Mechanochemical Tummeccentless Endovenous Ablation of Recurrent or
Extra Anatomical Varicose Veins with Competent Sapheno-Femoral Valve.

Prof. Alaa Sharaby, Egypt

**Session 20:**

13:30 – 14:10

Ilio-Caval Recanalization**Chairmen:**

Prof. Alaa Mobarak
Prof. Ragai Maqqar
Prof. Tamer Khafagy
Prof. Walid Elbaz

Moderator: Prof. Hesham Mostafa

13:30 – 13:40	«Iliac Vein Compression State of the Art.» Prof. Rashad Bishara, Egypt
13:40 - 13:50	Management of Iliocaval Occlusion Prof. Tamer Ghatwary, UK
13:50 - 14:00	2 years Patency Rate of Modified Double Barrel Technique in Iliocaval Occlusion Prof. Othman Mahmoud, Egypt
14:00 - 14:10	Scaffolding of Iliocaval Region Prof. Mohamed Elmaadawy, Egypt

**Session 21:**

14:10 - 14:40

Poster Competition**Judges:**

Alphabetically Order

Prof. Ahmed Saad El Din
 Prof. Ayman Samir
 Prof. Mamdouh Elmezayen
 Prof. Nader Hamada

Presenters**Title**

Abdulaziz AlGaby	Endovascular ballooning of failing AV access
Abdelrahman Magdy	Endovascular ballooning of failing AV access
