Welcome Message

Dear Friends and Colleagues,

On behalf of the Conference board, it is my great pleasure to welcome you to the third edition of Diabetic Foot and Limb Salvage - Challenges and Solutions.

The Conference has been designed to provide an innovative and comprehensive overview of the latest developments in diabetic foot care and limb salvage. New Trends in Research, Diagnosis and Treatment will be highlighted.

Many distinguished professors and scientists have joined the faculty and will take part in this Conference. Papers will be presented in the form of plenary sessions, symposia and short lectures and will include superb scientific material.

We hope that you will enjoy the Conference and that your interaction with your colleagues from different specialities and many different countries will stimulate a creative exchange of ideas and will be personally rewarding. We also hope and trust that you will enjoy your visit to Cairo, the Capital of our Beloved Egypt.

Yours sincerely

Prof. Dr. Ahmed Taha

Welcome Message

Dear Friends and Colleagues,

It is with great pleasure and pride that I wish to welcome you in the third annual conference "Diabetic Foot Challenges & Solutions".

The conference aims to cover all aspects of diabetic foot problems, with special emphasis on difficult problems and up-to-date therapies.

Many world authorities in the field will participate, and contribute their special experiences.

The conference includes presentations by international experts, presentations by key national faculty, challenging cases and new techniques by young vascular surgeons, and workshops. For the first time this year, there will be a workshop dedicated for nurses.

In addition, great efforts were made to attract all industries in the field to give the participant a good exposure to all products available in our country.

We sincerely hope the meeting will add to your knowledge and positively impact your daily practice.

Yours sincerely

Prof. Dr. Rashad Bishara
