International Congress for Joint Reconstruction

ICJR

In late 2007, the founders of the International Congress for Joint Reconstruction, each a recognized authority in orthopedic surgery, joined together to build the next generation of education and community for physicians involved with joint reconstruction.

The ICJR is an independent, non-profit organization formed to change the status quo of orthopedic education. Our faculty is dedicated to reinventing the ways we gain knowledge that improves patient outcomes..

Profits from ICJR activities will be reinvested in the professional societies, charities and organizations relevant to the critical issues in orthopedics today. The goals and finances of the ICJR will be fully transparent.

Welcome to ICJR Egypt

Dear colleagues

It's our great pleasure to introduce the International Congress for Joint Reconstruction (ICJR-Egypt) which will be held on April 19th-21st, 2016 in Intercontinental City Stars, Cairo-Egypt.

The ICJR is a very unique course in joint reconstruction. It is a leading course on joint reconstruction review throughout Europe, USA and Middle East.

The course curriculum has been designed by the most eminent international leaders of joint reconstruction, with the idea of introducing the latest in joint reconstruction surgery.

The course is designed to educate and encourage active discussion participation. Issues will be debated and all colleagues are welcomed to bring challenging cases to the meeting.

We are looking forward to seeing you among the eminent international leaders in joint reconstruction.

Your active participation and interaction will be highly appreciated.
