8th-10th December 2016 - Hilton Pyramids Golf - 6th October, Cairo - Egypt

Final Program

Welcome Message

Dear Friends and Colleagues,

On behalf of the Conference board, it is my great pleasure to welcome you to the 4th Annual Meeting of The Egyptian Academy of Diabetic foot & Limb Salvage (*the EADLS Meeting*).

The Conference has been designed to provide an innovative and comprehensive overview of the latest developments in diabetic foot care and limb salvage. New Trends in Research Diagnosis and Treatment will be highlighted.

Many distinguished professors and scientists have joined the faculty and will take part in this 4th edition of the Conference.

The scientific program is designed to include keynote lectures as well as short presentations. Updates in The International Guidelines of Diabetic foot and Limb salvage will be highlighted and many issues of debate will be thoroughly discussed.

Two Sessions are dedicated for challenging case presentation and Four workshops with superb technical tips and tricks will end this conference.

We hope that you will enjoy the Conference and that your interaction with your colleagues from different specialities and many different countries will stimulate a creative exchange of ideas and will be personally rewarding. We also hope and trust that you will enjoy your visit to Cairo, the Capital of our Beloved Egypt, in December 2016.

Yours sincerely

Prof. Dr. Ahmed Taha

Ahmed Taha

Chairman of the Conference

Welcome Message

Dear Friends and Colleagues,

Diabetic foot patients take an increasingly important role in the practice of the vascular surgeon, as a result of the continuous increase in the prevalence of diabetes and its complications. In this conference, we made the effort to cover all the aspects of diagnosis and management of diabetic foot patients.

In this 4th edition of the conference, the program is enriched by keynote lectures given by well recognized speakers, multiple debates of controversial topics, and four workshops. This year we have the pleasure of the participation of many leaders in the field from neighboring countries.

It is a great pleasure to welcome you to the conference. We sincerely hope the meeting will add to your knowledge and positively impact your daily practice.

Yours sincerely

Prof. Dr. Rashad Bishara

Rashad Bishara

Co-Chairman of the Conference

Moderator

Khalid El-Kaffas

10:00 – 10:15

Keynote Lecture: Diabetic Foot Imaging; Update
Hassan El-Kiki

10:15 – 10:25

Avoiding contrast nephropathy during interventions for the Diabetic ischemic foot
Ahmed Gawish

10:25 – 10:35

Can Duplex Predict Pedal Arch Integrity.
Wassila Taha

10:35 – 10:45

Diabetic foot wound Assessment.
Salma Khuraibet

10:45 – 10:55

Clinical Assessment of Intermittent Claudication & Absent Pedal Pulses;
Can they be markers for PVD in Type II Diabetics?
Atef Bassiouny

10:55 – 11:05

New imaging modalities for diabetic foot; which suits us more?
Mohamed Omar El- Farouk

11:05 – 11:20

Discussion

Diabetic Foot & Limb Salvage

Debate : CTA is the imaging modality of choice for diabetic patients with Critical Limb ischemia;

11:20 – 11:28 a. With the motion:
Hassan El-Kiki

11:28 – 11:36 b. Against the motion:
Wassila Taha

11:36 – 11:40 **Voting**

Debate : MRI is mandatory in the management of diabetic foot?

11:40 – 11:48 a. With the motion:
Rashad Bishara

11:48 – 11:56 b. Against the motion:
Hisham Moustafa

11:56 – 12:00 **Voting**

Chairpersons

Alaa El-Erian
Alaa Sharaby
Ali Mourad
Mourad El-Kholy
Sherif Balbaa

Moderator

Tarek Radwan

13:30 – 13:45

Keynote Lecture: Operative treatment of infected diabetic foot.

Armin Koller

13:45 – 13:55

The SVS recommendations for wound management; How they changed my concepts ?

Ayman El-Samadouny

13:55 – 14:05

IWGDF guidelines for Diabetic Foot management; Challenges in Developing Countries.

Foad Saad El-Din

14:05 – 14:15

Debridement; Tips and Tricks.

Mahmoud Salah

14:15 – 14:25

A new anatomical description of the fascial layers at the ankle and distal leg region.

Ashraf Hussein

Diabetic Foot & Limb Salvage

14:25 – 14:35 Wound Coverage and Minor Foot Amputations; The Way I Do It.
Hisham Rashid

14:35– 14:45 NPWT in diabetic foot management, Any added value?
Salma Khuraibet

14:45 – 15:00 Discussion

Debate : Advanced modalities of wound dressing are useless;

15:00 – 15:08 a. With the motion:
Hanan Gawish

15:08 – 15:16 b. Against the motion:
Ihab Nabil

15:16 – 15:20 Voting

Lunch

15:20-16:30

Diabetic Foot & Limb Salvage

8th

December 2016
Thursday

Session III

16:30 - 18:00

The Non Ischemic Diabetic Foot

(The Diabetic Status, Neuropathy, Charcot & Off-loading issues)

Chairpersons

Ahmed Saad El-Din
Essam El-Kady
Hassan Abdel-Atty
Hosam Tawfik
Mahmoud Sobhy

Moderator

Karim El-Sakka

- 16:30 – 16:45 **Keynote Lecture:** Charcot foot reconstruction with external fixation.
Armin Koller
- 16:45 – 16:55 What the diabetic foot surgeon should know about diabetes control
Inas Shaltout
- 16:55 – 17:05 Orthosis and Shoes for the reconstructed Charcot foot.
Armin Koller
- 17:05 – 17:15 Footwear; fashion or medicine?
Hanan Gawish
- 17:15 – 17:25 Current status of Surgical Off-loading for Diabetic foot ulcer.
Tarek Abdel-Azim
- 17:25 – 17:35 The Podiatrist; The Goalkeeper in Diabetic Foot Management.
TALAL Khader Talal
- 17:35 – 17:45 Confusing Diabetic Foot Lesions.
Adel Kamhawy

17:45 – 18:00

Discussion

Diabetic Foot & Limb Salvage

Session IV

18:00-19:30

The Revascularization Challenges (I)

Chairpersons

Alaa A. Marzouk
Alaa Mubarak
Magdy Haggag
Omar El-Kashef
Raafat Naga

Moderator

Hisham Bassiouny

18:00 – 18:15 **Keynote Lecture:** Arterial Calcification, Mechanism & Implications on practice
Ahmed Taha

18:15 – 18:25 When time is tissue?
Rashad Bishara

18:25 – 18:35 Angiosomal revascularization; why the disagreement still?
Hisham Rashid

18:35 – 18:45 Hybrid revascularization, indications, options & limitations.
Hany Zayed

18:45 – 18:55 Intermittent Claudication in Diabetics; Should we have a Paradigm shift in Management.
Emad Hussein

18:55 – 19:10 Discussion

Debate : What is the treatment of short distance Vascular Claudication?

19:10 – 19:18 a. Best medical treatment
Wael Shaalan

19:18 – 19:26 b. Intervention
Ahmed Farghaly

19:26 – 19:30 Voting

Moderator

Ali Sabbour

19:30 – 19:45 **Keynote Lecture:** Endovascular Therapy is the first line approach in CLI, Is Surgery Still Needed?
Amr A. Gad

19:45 – 19:55 CO2 Angioplasty; Indications & limitations
Hany Zayed

19:55 – 20:05 Role of Catheter directed thrombolytic therapy in CLI; Technical tips & tricks.
Mohamed Hosny

20:05 – 20:15 Thrombolytic therapy for thrombotic arterial occlusions: is there a time window?
Ahmed El-Mahrouky

20:15 – 20:25 Comparison of Angioplasty and Bypass Surgery for CLI in patients with infra-popliteal disease using a propensity score analysis.
Hany Zayed

20:25 – 20:40 Discussion

Debate :

Bypass is mandatory to achieve healing of heal ulcer when the ATA is the only supply of the foot.

20:40 – 20:48 a. With the motion
Hisham Rashid

20:48 – 20:56 b. Against the motion
Ahmed Taha

20:56 – 21:00 Voting
