أ.د/ محمد ضاحي
رئيس أمانة المراكز الطبية المتخصصة

أ.د/ أحمد محيي القاصد
مساعد وزير الصحة لشئون الطب العلاجي

Welcome Message

We are extremely proud in welcoming our colleagues to Al-Helal Annual Teaching Conference.

We all feel privileged to have such an opportunity to exchange education and research face to face. We are sure that our knowledge and experience will help us to develop our future regarding better modalities in managing neck of femur fractures both in adults and pediatrics and also to re-focus on the importance and value of better reading and interpreting of plain x-rays
Once again warm welcome and best wishes to all of you.
